Egypt Moves To Prevent New Rioting

Police Fire On Mobs In Alexandria; Oil Trucks Let Through

CAIRO, Oct. 24 (AP)—Egypt's government sounded stern warnings against anti-foreign rioting today as Britain maintained her bristling armed defenses along the seized Suez Canal.

Britain modified her clamp on traffic to let 250 oil trucks go through from Suez to Cairo, Egyptian officials said. Most rail traffic in the canal still is banned and road traffic is moving under tight restrictions.

Egyptian informants said the oil trucks were let through after British officials of the Shell Oil Co. told the British military that oil installations at Suez would be damaged if they had to be shut off because of a distribution stoppage.

Strong forces of Egyptian police, kept on the alert against mobs for days, fired on unruly crowds in Alexandria yesterday.

They flung tear gas to break up demonstrators who paraded before the Russian legation in Cairo and shouted "Give us arms" to fight the British.

Up to mid-day today no resumption of rioting was reported.

One demonstrator was reported killed in Alexandria yesterday.

Interior Minister Faud Serag El Din Pasha, whose job is to maintain order in the tense and angry country, sternly declared the government will "take the strongest measures against these trouble-makers."

He said he gave orders to the police to shoot into crowds they couldn't break up otherwise.

The government had banned demonstrations after rioting broke out two weeks ago in the wake of Egypt's denunciation of its treaties with Britain.

Serag El Din declared many of the demonstrators were "irresponsible and inexperienced" youths easily influenced by traitors and criminals he said infiltrated yesterday's demonstrations of public mourning for Egyptians killed in riots and clashes with the British.

"For the second time," Serag El Din said, "the government declares it will show itself exceptionally severe against any persons who should take part in the future in such demonstrations."

Riots, he said, damage Egypt's fight to oust the British from the canal and the Anglo-Egyptian Sudan.

Under an international convention, the canal is supposed to be open to all nations in peace and war.

School Board Contest Seen

Auto Salesman To Run For County Post

The Columbiana County Board of Education's endorsement of two members for new terms will not go unchallenged in the Eastern side of the county.

Louis E. "Dick" McKinney of Wellsville R. D. 2 announced his candidacy for one of the posts by the write-in method.

He said he was persuaded to run because the re-election of the two incumbents would "continue to deprive this section of the county of representation."

Those endorsed by the board are Lloyd Farmer of the Leonard area, and John H. Lucas of Salineville, a Homer Laughlin China Co. potter. The other three members of the County Board are from the Northern part.

Richard Golden, member of the Beaver Local School District Board of Education, said the Beaver Local Board has endorsed McKinney's candidacy and that he has the support of school friends in this area.

Neither Farmer nor Lucas filed although their terms expire this year. Lucas also serves on the Yellow Creek Board.

McKinney, 39, an auto salesman for 20 years and now with the Pottery Motor Sales on West Sixth St., is married and has eight children. All but two are in school. A son, Corporal Keith McKinney, is serving in Augsburg, Germany.

It is his first bid for public office. He was active in the Beaver Local committee that campaigned successfully for the \$305,000 bond issue two years ago for four new schools.

Navy Mothers Club To Sponsor Tag Day

The Navy Mothers Club of East Liverpool will sponsor a Tag Day Saturday. Girl Scouts will sell the tags on downtown street corners throughout the day.

Mrs. Martha Lashley, commander, said proceeds will be used for the group's work at Naval and Veterans' hospitals.

107TH BIRTHDAY. Marking her 107th birthday, Mrs. Sarah Frances Rockwell is shown with her cake in Danbury, Conn. At the celebration were two daughters, four grandchildren, four great-grandchildren and three great-great-grandchildren. Until she was past 100, Mrs. Rockwell was active with sewing.

Trailer Sways Against Auto, Killing Driver

Warren Man Dies Instantly, Wife Hurt In Route 30 Mishap

County's 1951 Traffic Toll
16 KILLED
This date in 1950—15 Killed
USE CARE! SAVE A LIFE!

The swinging "bobtail" of a double-hitch tractor-trailer truck sheared off the left side of an auto this morning at 7 on Route 30, near the intersection of Route 170, killing the motorist and slightly injuring his wife.

Alfonse J. Zamarelli, 24, of Warren, an employee of the Circulation Department of the Warren Tribune-Chronicle, died instantly when the left side of his head was ripped off.

His wife, Ann, 21, was treated at City Hospital for shock and a laceration over the right eye.

The truck driver, James W. Garvin, 22, of Youngstown, was jailed this morning at 10 in Lisbon on a charge of driving a 550 fine for reckless driving, assessed at a hearing before Mayor Kenneth Hixcox. Charged by the State Highway Patrol, he pleaded guilty.

The fatality was the county's 16th of the year, compared with 15 at this time in 1950.

Columbiana County Coroner Ernest Sturgis said the truck was traveling empty towards Steubenville for a load of steel. Besides the regular trailer, it was towing a second four-wheel trailer, known as a "bobtail" or "wiggler."

At the crest of the hill, near the Columbiana County Memorial Park, the driver said he began braking for the curve halfway down the hill. He said the trailer skidded on the rain-slickened blacktop and smacked Zamarelli's auto, going up hill.

Sturgis said the autoist "didn't have a chance" to avoid the collision.

The trailer was across the high-

Fire Destroys Truck And Big Load Of Coal

A Steubenville coal truck loaded with 8 to 10 tons of coal was destroyed by a fire of undetermined origin Tuesday afternoon on the Hammondville-New Somerset Road.

Harold Hickie, driving for the Brown Coal Co., told Wellsville volunteer firemen he was unaware of the blaze until stopped by an unidentified motorist, who told him one of the gas tanks was on fire.

He attempted to dump the coal, but the heat drove him from the cab. The blaze was out of control when firemen arrived at 2:30 p. m.

The department was called twice yesterday afternoon to an Aten Ave. grass fire.

The first call was received at 12:25 p. m., but firemen said the fire wasn't endangering any property and they let it burn.

They were called back at 2:35 p. m. when it threatened property. The grass fire had been allowed to burn since Sunday.

Aim Foolish, President Tells Russia

Says Free Nations Must Continue To Build Up Strength

WASHINGTON, Oct. 24 (AP)—President Truman told the Russians today they are "utterly foolish" to oppose nations banded together to seek "peace and justice."

Speaking on the sixth anniversary of the birth of the United Nations, the President declared: "I hope the time will not be far distant when the leaders of the Soviet Union and their satellites will come to see that it is utterly foolish to oppose the united will of all the other peoples of the world for peace and justice."

"But so long as the forces of aggression are attacking the United Nations, there must be no weakening of our efforts to check aggression and to build up the defense of the free world."

"It is up to us here at home to back up these men of many nations who are fighting for us and for the freedom of the world in Korea."

The President spoke at the laying of the cornerstone for the building of a District of Columbia Red Cross chapter.

He devoted much of his talk to a plea for blood for the Red Cross banks.

"Men from (free) nations are out there in the hills of Korea risking their lives in the service of a great ideal. They are evidence, far more powerful than any speeches ever can be, that the idea of international justice under law—the idea of international co-operation to preserve peace and freedom—has taken root and is growing and spreading throughout the world, bringing men together in new and greater bonds of brotherhood."

He said advances being made toward a system of international peace and justice "will prove to be worth all the sacrifice and effort which they are costing us and other nations."

One of the best ways for the public to support the men in Korea is to give blood through the Red Cross for the use of soldiers, the President continued.

"The blood which is being given by our people here at home is saving cases which would have been considered hopeless not so long ago," Truman explained. He told of one wounded soldier whose life was saved by 15 pints of blood and said the "demand for blood is tremendous."

On Tuesday's air battle, three of nine super-Forts attacking the Namsi airfield were shot down. The other six were damaged, but got back to Allied bases.

B-29 gunners were credited with five of the eight Red jets reported shot down and one of two probables. U. N. fighter pilots said they damaged 10 other enemy planes.

Tanks that rumbled up to the western outskirts of Kumsong brushed aside light resistance and poured more shells into the already charred, smoking city. Several enemy bunkers were destroyed.

Armored elements probing north of Yanggu on the eastern front ran into heavy mortar fire in a brief engagement. On that front west of the punchbowl Allied infantrymen repulsed a probing attack.

The west was quiet after Tuesday's attacks against Chinese Reds entrenched in deep bunkers on a hill west of Yonchon.

Clark Post Left To Congress

Recess Appointment Dropped By Truman

WASHINGTON, Oct. 24 (AP)—Congress will get a chance to decide whether the United States should have a full diplomatic representative at the Vatican, church-state of Roman Catholicism in Italy.

The White House announced yesterday that President Truman is not going to offer General Mark Clark a recess appointment. Press Secretary Joseph Short said "it is more satisfactory to Clark" to await Congress' action.

Truman last Saturday sent to the Senate the nomination of Clark to be the first American ambassador to the Vatican just before Congress adjourned until Jan. 8. The Senate must approve ambassadorial appointments.

But the House also would be involved in this case. It would have to vote on a waiver, for Clark, of the law forbidding military officers to accept civilian government posts. To accept an appointment while Congress is in recess, Clark would have to resign from the Army.

The nomination has raised a storm of protest from many Protestant quarters and praise from Catholics. There was no suggestion that the controversy influenced Truman's decision not to give Clark a recess appointment.

Yank Reads Prayer At Graves Of Reds

KOREA, Oct. 24 (AP)—Private First Class William J. Cross of Devonia, Tenn., thought 12 Communist soldiers should have some kind of religious service at their burial.

So as each was lowered into the grave, the Tennessee soldier read the following passage from St. John:

"I am the light of the world; he that follows me shall not walk in darkness but shall have the light of life."

Empty 75-millimeter shell cases were used to mark the graves scattered on a North Korean hillside.

Korean Armistice Talks Will Be Resumed Tonight

Jet Battles Rage Again; Tanks Strike

Battered Kumsong Takes New Beating; Planes Blast Bridge

KOREA, Oct. 24 (AP)—Fifteen Allied tanks again today shot up battered Kumsong on the central front as a great jet battle raged across North Korea in the fourth straight day of air fighting.

The Fifth Air Force said one Red jet was shot down and another probably destroyed. One U.S. F-86 Sabre jet was reported lost.

The tanks killed an estimated 85 Chinese and destroyed 24 bunkers in a raid into a valley just west of Kumsong. They returned safely to their lines through Red artillery fire.

Infantrymen slowly mopped up an estimated 120 Chinese fighting a last-ditch defense on a ridge line southeast of the city, a front-line dispatch said. It was the only resistance remaining along this sector.

The Fifth Air Force said between 70 and 150 Russian-made MIG's took part in the battle that raged across the entire waist of the Korean Peninsula and finally ended northwest of Wonsan on the east coast.

The new air fight followed Tuesday's scrap in which Allied B-29 super-Forts and jets destroyed or damaged 20 Communist jets when they tried to stop a bombing attack on the Reds' new airfield at Namsi.

This fourth straight day of air fighting broke out when MIG's jumped Sabre jets covering B-29's as they dumped 150 bombs weighing 1,000 pounds each on a 5,000-foot single track bridge at Sunchon in northwest Korea.

The Japan-based medium bombers flew through "intense flak and a heavy enemy fighter attack" to drop their bomb loads, the Air Force said.

In Tuesday's air battle, three of nine super-Forts attacking the Namsi airfield were shot down. The other six were damaged, but got back to Allied bases.

B-29 gunners were credited with five of the eight Red jets reported shot down and one of two probables. U. N. fighter pilots said they damaged 10 other enemy planes.

Tanks that rumbled up to the western outskirts of Kumsong brushed aside light resistance and poured more shells into the already charred, smoking city. Several enemy bunkers were destroyed.

Armored elements probing north of Yanggu on the eastern front ran into heavy mortar fire in a brief engagement. On that front west of the punchbowl Allied infantrymen repulsed a probing attack.

The west was quiet after Tuesday's attacks against Chinese Reds entrenched in deep bunkers on a hill west of Yonchon.

Clark Post Left To Congress

Recess Appointment Dropped By Truman

WASHINGTON, Oct. 24 (AP)—Congress will get a chance to decide whether the United States should have a full diplomatic representative at the Vatican, church-state of Roman Catholicism in Italy.

The White House announced yesterday that President Truman is not going to offer General Mark Clark a recess appointment. Press Secretary Joseph Short said "it is more satisfactory to Clark" to await Congress' action.

Truman last Saturday sent to the Senate the nomination of Clark to be the first American ambassador to the Vatican just before Congress adjourned until Jan. 8. The Senate must approve ambassadorial appointments.

But the House also would be involved in this case. It would have to vote on a waiver, for Clark, of the law forbidding military officers to accept civilian government posts. To accept an appointment while Congress is in recess, Clark would have to resign from the Army.

The nomination has raised a storm of protest from many Protestant quarters and praise from Catholics. There was no suggestion that the controversy influenced Truman's decision not to give Clark a recess appointment.

POLICE HOLD STRIKERS IN LINE. A belligerent longshoreman is held in line by police at a Brooklyn pier as he calls to men who are trying to go back to work.

U.S. Mediator Seeks Peace In Dock Strike

Rebel Stevedores Order Picketing At All New York Piers

NEW YORK, Oct. 24 (AP)—Some dock hands resumed handling of military cargoes today, braving boos and catcalls from wildcat strikers who threw up mass picket lines along New York's vast waterfront.

NEW YORK, Oct. 24 (AP)—Leaders of rebel stevedores ordered mass picketing at every pier in the vast New York port area today to greet the initial peace efforts of the government's top labor trouble shooter.

Clyde M. Mills, the nation's leading federal mediator, rushed here from Washington last night with the wildcat dock strike paralyzing this two-state port and crippling other Atlantic harbors.

The only apparent break in the dispute came late yesterday when strikers agreed to resume work on Army troop transports. But they said they still will not handle military cargo shipping for Korea and other outposts.

Insurgent stevedores claim up to 30,000 members of the A.F.L. International Longshoremen's Association have joined their rebellion against I.L.A. President John P. Ryan and his administration.

John Sampson, rebel leader, ordered the posting of pickets and warned that "the boys will stay out six months" unless Ryan agrees to reopen contract negotiations with Atlantic shipping and stevedoring firms.

But Ryan remained adamant. He insists that a majority of the I. L. A.'s 65,000 members between Maine and Virginia have ratified the new contract. He called the rebel dockers a minority.

A customs check showed 104 ships and 138 piers immobilized in the New York harbor, the world's greatest port.

The city's Commerce and Industry Association estimates 11 million dollars worth of cargo is piled up in the port. The group sent a telegram to President Truman last night asking him to invoke the Taft-Hartley law and force the striking dockers back to work.

Ryan, defeated in efforts to stop the 10-day-old strike, also addressed an appeal to Washington, calling on Federal Mediation Director Cyrus S. Ching to appoint a special three-man fact-finding panel.

Ching, in turn, acted by sending Mills to join a three-man board of federal mediators already in session. Mills is the chief aid to Ching.

With tons of freight piled up and a railroad embargo in effect here and in Boston, the Post Office Department in Washington last night announced that all overseas mail will be diverted from New York, some mail will be rerouted through New Orleans.

The rumblings of possible revolt have spread to stevedores in Philadelphia and Baltimore.

First Showers In Weeks Wash Out Heat Wave

The first substantial rain in nearly three weeks washed out an Autumn heat wave that sent the mercury soaring to a Summer-like 80 Tuesday afternoon at Dam 8.

Lockmaster Joe Green said the showers started about 5:45 a. m. and by 9 a. m. the precipitation totaled 0.32-inch, with more in the offing.

He said the last rain fell the week end of Oct. 6 and totaled 0.75-inch for Saturday, Sunday and Monday.

More scattered showers were predicted for this afternoon and possibly tonight to end a drought that had started to resemble August's long dry spell.

And it's bringing cooler weather. The range tonight is supposed to be 40 to 45 degrees, contrasted to the balmy 60 recorded at the dam at 9 a. m. today as the minimum for the past 24 hours. Thursday will continue cloudy and cool.

Heavy rainfalls doused the Mid-Continent. One wet belt extended from the Eastern and Central Great Lakes region Southward to Kentucky and Eastern Tennessee.

Snow mixed with rain fell in parts of Wisconsin and Northwestern Illinois. Snow also fell in the Northern Rockies.

West leaves made "skid rows" of many East Liverpool streets today, particularly in outlying areas where trees and shrubbery are thick. The high wind that preceded the rain littered the streets with leaves, then came the downpour that made them slick.

However, police said no crashes were blamed on the leaves.

West Virginia Bonus To Get Moving Jan. 2

CHARLESTON, W. Va., Oct. 24 (AP)—The state will make veterans' bonus application forms available next Jan. 2—and will be ready to begin processing them at the same time.

Veterans Affairs Director T. H. McGovern added that the first checks will be going out within a week or 10 days following receipt of the first claims.

The Jan. 2 date was announced after the setting of the first \$7,500,000 worth of bonus bonds through state and national banks in West Virginia.

The bonds will finance maximum payments of \$300 for domestic service and \$400 for overseas duty to veterans of both world wars.

McGovern said the applications will be made available at the department's 14 field offices and also will be distributed to veterans' organizations and other agencies concerned with ex-service personnel's affairs.

Chester Councilman Is Mayor's Substitute

Roy Cashdollar, Second Ward councilman, was sworn in as acting mayor of Chester Tuesday night by Mayor DeMar Miller, who left today on a week's vacation.

Mayor and Mrs. Miller will visit their sons and daughters-in-law, Marine Second Lieutenant and Mrs. Robert Miller of Fredericksburg, Va., and Mr. and Mrs. Richard Miller of Allentown, Pa. They will return Wednesday.

Buffer Zone Issue To Be Aired First

Pannunjom Parley Set After Reds O.K. Security Regulations

MUNSAN, Korea, Oct. 24 (AP)—Allied and Communist negotiators will reopen Korean armistice talks tomorrow.

They first will tackle the knotty problem of where to establish a buffer zone.

The five-man delegations will meet at Pannunjom, a roadside village six miles east of Red-held Kaesong where the search for a ceasefire agreement was suspended Aug. 23 by the Reds.

Tomorrow's meeting is scheduled to begin at 11 a. m. (9 tonight, East Liverpool time).

Pannunjom is accessible to each side without having to travel through enemy territory.

The tiny town now has the appearance of an American carnival. Armistice activities are housed in circus-like tents. Huge colored balloons and searchlights ring the conference area to warn planes away from the neutral zone.

Resumption of the conference talks was made possible when the Communists Wednesday ratified security ground rules drafted by U. N. and Communist liaison officers in 12 meetings at Pannunjom since Oct. 10.

The U. N. had approved the ground rules Monday.

An Allied liaison officer said a new dispute cropped up Wednesday. The Communists objected to Allied military policemen at the entrance of the negotiations tent. The Communists insisted that the MP's be stationed on the road about 110 yards away. The liaison officer said the guards will be posted at the tent door unless Admiral C. Turner Joy, chief U. N. negotiator, yields to the Red demand.

Joy and General Nam Il, 28-year-old North Korean, again head the delegations. There will be two new men on each.

If the negotiators agree on a line of demarcation between the U. N. and Communist armies, they still face these three tough issues:

1.—How the truce is to be supervised.

2.—How to exchange prisoners.

3.—What recommendations to make to their respective governments. This includes the Red demand that foreign troops be withdrawn from Korea.

Those issues must be settled before there can be an end to the fighting.

No one in official position at the U. N. advance headquarters would risk a prediction on how long it might take to reach an armistice.

Britain Waits Thursday Vote

Churchill's Party Remains Favorite

LONDON, Oct. 24 (AP)—Britain's election campaign ends tonight focused on two critical issues—the country's place in a world threatened by war and her bitterly controversial experiment in socialism.

Voters from a registered electorate of 35 million will cast their ballots Thursday.

Their choice lies between the Conservative party led by Winston Churchill and the Socialists, who came to power in July, 1945.

The Liberals, about midway between these two in doctrine, have entered two few candidates to form a government. They hope only to constitute a balancing "third force" in the next House of Commons.

Both big contenders forecast victory.

The general belief, however, is that Churchill and the Conservatives will come back to power by more than 35 parliamentary seats, and possibly by 60 or more.

Douglas Stuart, Ltd., one of the nation's biggest betting commissions, showed the odds against a labor victory at 9 to 2. The odds against the Conservatives were 1 to 6.

This means that a bettor must lay down two dollars to win nine on a Labor victory and put down six dollars to win one on a Conservative victory.

Beef Controls Will Continue, DiSalle Says

New Enforcement Measures Studied, O.P.S. Head States

WASHINGTON, Oct. 24 (AP)—Price Director Michael V. DiSalle said today "we most emphatically do not" intend to remove price controls from beef and beef cattle.

On the contrary, he added, new enforcement measures are under study.

DiSalle spoke out at a time when pressure for lifting the controls appeared to be mounting from the meat industry and some farm groups.

Also, it appears that disagreement over some of the new steps DiSalle's Office of Price Stabilization is reported considering may go to the White House for final decision.

Agriculture Department officials are known to be reluctant to be drawn into programs designed to make the controls work more effectively than they are.

In declaring that the O.P.S. does not intend to abandon beef price controls because Congress refused to grant it new authority to impose slaughter quotas, DiSalle declared:

"Beef comprises a very important part of the American family's diet and we feel it is a major responsibility of ours to do all in our power to see that it costs the housewife no more than it does already."

In a New York speech last night, DiSalle accused a "majority" of the meat industry of fighting "our price controls with non-compliance, misstatements, unethical conduct and illegal and immoral operations."

It is conceded by all concerned that there are widespread violations of the ceilings and that the result is a disturbed meat production and distribution pattern.

Some slaughterers and sections of the country are getting more than their normal share and others are going short.

One of the worst angles of this disturbed pattern is that the armed services are unable to get essential supplies of beef. Big packers who normally supply the military claim they cannot do so because price ceiling violators are bidding the cattle away from them.

DiSalle said his agency is considering setting up an overriding semi-poverty on the arid, empty acres of eastern Utah, will collect \$500,000 from the government today.

Utes Given \$500,000

FORT DUCHESSNE, Utah, Oct. 24 (AP)—Ute Indians, who live in semi-poverty on the arid, empty acres of eastern Utah, will collect \$500,000 from the government today.

Closes Soon—Hurry! It's FORMFIT WEEK

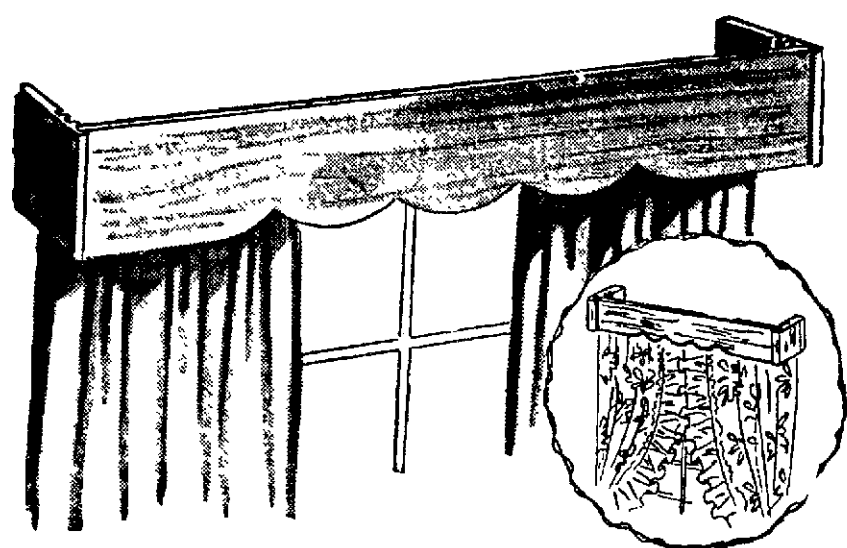

... and our trained fitters are eager to show you the secret of a Sweetheart Of A Figure

Last call... for our special Formfit Week consultation that can help you find the answers to all your figure problems. So visit our corset department now! Let our fitters help you to choose a "Triple Fit" Life Bra proportioned to (1) your bust size, (2) your cup size, (3) your separation—wide, medium or narrow. And let them fit you faultlessly from our wide selection of Life Girdles and Foundations by Formfit, too. Then yours will be a Sweetheart of a Figure all the way! And remember Formfit Week is the ideal time to complete your underfashions wardrobe... so you can Wear one—Wash one—Keep one for Best.

Phone 4500
612 Dresden Avenue

Singled out as the tontorial emporium of 50 years ago for the initial shooting tomorrow night at 7 is H. L. Conn's Barber Shop, 1207 Main St., Wellsville. Modern chairs will be replaced by horse-hair stuffed leather ones and a gas stove will give way to a pot-bellied coal burner. Other props are being brought in from Cleveland to help create the atmosphere that is now only a memory. The chairs were bought 45 years ago when the shop opened and have been in storage. The original racks and mirrors remain in use. Several officials of the Barbers Association and Ohio Board of Barber Examiners—all members of the movie committee—are expected to be on hand. These include Nick Prelock of Cleveland president Clarence D. Wright, 412 Blakeley St. vice-president, and E. M. Sanders of Akron, secretary-treasurer of the association, Frank Blazina of Cleveland, president of the Examiners' Board and Karl Moyer of Painesville, secretary.

This Is The Season!

Combine the tang of bracing country air with a hunter and a well trained dog, and we come up with the recipe for a wonderful day. For now is the season when hunters from coast to coast are eager to venture forth for a day afield with a dog and gun. One tragic aspect of the sport of hunting is that in spite of every precaution, not infrequently a human being is felled by the blast from a hunter's gun. It may be due to a stray shot. It may be due to a gun being discharged accidentally. It may be due to a person being mistaken for game. While you as a hunter, may pride yourself in the careful handling of firearms, others may be less experienced—or careless. Therefore, when you go hunting, please be careful. And as an extra precaution, why not protect yourself and your family by purchasing a Personal Accident policy which will provide round the clock coverage for accidental loss of life, will pay a liberal weekly indemnity while you are disabled, and in addition pay, up to the limit purchased, all doctor's, hospital, nurses' and X-ray fees. Won't you call us real soon?

New Type Report Card Considered

New type report cards may be adopted for the first three grades of the county school system, following consideration of the subject by the Principals' Discussion Group Tuesday night at the Unity School. Norman Bray of West Point was chairman. Earle Smith of Calcutta, president, was in charge.

James L. McBride, county superintendent, said Bray, William Dean of Unity, Harold Morrow of West, and Philip Runyon of Hillcrest were appointed a committee to work on the new cards. They will meet with teachers throughout the year and submit their recommendations to the County Board of Education next Spring. At present there is no standard procedure for first grade reports. Some school use the conventional grading method and others an informal system.

"Withdrawals From School" will be studied by the discussion group at its next meeting Tuesday, Nov.

27, in the new West Township School at East Rochester. T. V. Utterback of Fairfield Centralized will be chairman.

184 Given X-Ray

LISBON, Oct. 24—Seventy seniors and 114 juniors at Lisbon High School were given free chest X-rays this afternoon by the Columbiana County Health League's mobile unit. The unit will remain in Lisbon this afternoon and tonight for a public survey from 4 to 7 and 7 to 9.

East Liverpool Review

Established Oct. 25, 1879, as a weekly and June 18, 1885, as a daily newspaper in continuous publication. Merged in 1924, with The Tribune (established in 1876).

Published daily (evening) except Sunday by The Brush-Moore Newspapers, Inc., Review Building, 210 East Fourth Street, East Liverpool, Ohio. Entered at the postoffice at East Liverpool, Ohio, as second class matter under act of March 8, 1879.

MEMBER OF THE ASSOCIATED PRESS: The Associated Press is entitled exclusively to the use for republication of all the local news printed in this newspaper, as well as all AP news dispatches.

SPECIAL REPRESENTATIVE: The John W. Cullen Company, Cleveland office 1319 Terminal Tower, New York office, 830 Fifth Ave. Chicago office, 220 North Michigan Ave.; Cincinnati office, 617 Vine St.

MEMBER AMERICAN NEWSPAPER PUBLISHERS ASSOCIATION, MEMBER OHIO NEWSPAPER ASSOCIATION, MEMBER AUDIT BUREAU OF CIRCULATIONS, MEMBER OHIO SELECT LIST.

PRIVATE TELEPHONE EXCHANGE, all departments, Main 45, between the hours of 7:30 A. M. and 7:00 P. M. After 7:00 P. M. on Sunday and Holidays: Circulation department 45, Advertising department 44, News department 47 and 48.

SUBSCRIPTION RATES
BY CARRIER, per week 30 cents. BY MAIL, payable in advance: Columbiana county, Ohio, and all points within 25 miles of East Liverpool, one year \$3.00, six months \$2.15; three months \$1.30; one month, 75 cents. Outside rates given upon request. No mail subscriptions accepted in localities served by carrier delivery.

Wednesday, October 24, 1951.

Behind The News

By George Sokolsky

Morals In The Government

In spite of the mountain of disclosures of corruption in government, the largest number of public workers, federal, state and municipal, are fine citizens, poorly paid, who keep in motion the wheels of government.

Most of them, in all parts of the country, are on one form of Civil Service or another. I think off-hand, of the remarkable men in our National Parks and Forestry Service whose devotion to the public good is notable and whose pay is shamefully small.

Everybody knows his mailman, of whom it can be said that he works hard to small advantage. These are public servants as much as the President of the United States or the collector of internal revenue.

HOWEVER, there are weaknesses in the structure of government in this country which need to be taken seriously and which will not be corrected by the passage of a code of morals by the Congress. The greatest of these is the cost of nomination and election, which places an elected public official under deep obligations to individuals and groups.

Such obligations are continuing, as elections come often. In Mark Hanna's day, many public officials were dependent upon corporations; today, many are dependent upon C.I.O. labor unions. Even the President of the United States, whoever he may be, is not free from such embarrassments.

Secondly, the pay of a public official is, with the exception of the President, ridiculously inadequate on all levels compared with pay for identical work in private life. For instance, the United States attorney for the Southern District of New York, who conducts the largest law office in this city, perhaps in the world, receives \$10,000 a year. For similar services, a private lawyer would not regard \$100,000 a year too high.

What other compensation does such an official receive? Is it the honor and glory of public office? Is it the prospect of a continuing career in a great public service? A change of President could deprive him of his position; a new attorney general in the President's cabinet could do the same.

AS I WRITE THIS, I cannot help but think of the altogether improper attack on the United States attorney, Irving Saypol, by the judges of the U.S. Court of Appeals

in the Remington case. Similarly, I recall how Judge Learned Hand attacked Saypol for wanting high bail and revocation of bail for Communists, wondering whether these Communists would run away after eight of them already had disappeared, four actually jumped bail. The point I wish to make is that the dignity of position is not adequate to compensate for low pay.

The temptation for moral lapses increases as taxes and the high cost of living rise while pay stands still. These men find it more and more difficult to keep up the front that tenure in certain levels of public office requires. Or to put it on a lower level, a \$4,000-a-year policeman, who has to buy his own uniforms and revolvers, pay taxes and contribute to pension funds, etc., may look at a \$100 tip all out of proportion. A \$1,000 bribe becomes almost compelling.

This is not written to condone corruption; my object is to state the facts of an ugly situation.

A MEMBER of Congress who is a lawyer can, with legitimacy and without public censure, practice law and his law partner may practice before government departments and officials whose careers may depend upon the good-will of that particular member of Congress.

On the other hand, a member of Congress or some other official, who may legally engage in private business, comes up for miserable opprobrium if he does.

The alternative to such a combination of activities is that only those who possess inherited wealth should hold public office. Surely, in the present tax situation, few can honestly save enough in their early years to serve the public at low compensation in their later years.

When millionaire senators speak of a morals code, they might take into consideration that while they are above and beyond money temptations, they are not above and beyond the temptations of vulgar demagoguery, which is perhaps their only way of winning and holding office. And this applies as well to some other holy men, particularly in the Senate, who manage to get along one way or another, play the role of the people's tribunes, when actually they are the slaves of particular pressure groups who flatter their cravings for praise as tribunes of the people.

(c) King Features, 1951

Inside On Labor

By Victor Riesel

Now our friends in Japan are competing madly with our friends in India for the business of clothing and outfitting our enemies, the Sovietized Chinese, and their armies in the field.

Our Nipponese brethren aren't doing badly when it comes to making a Red dollar. It can be revealing here that the Soviet government in Peiping has just ordered 10,000,000 yards of cotton cloth from Japanese factories. The Reds will get as much of it as the Japanese merchants can turn out with their limited amount of electric power.

This is something called gray sheening, which, among other things, goes into the padding of Red Chinese winter uniforms. The Japanese friends say—if we don't sell to the Mao Tse-tung government, the Indians will. In fact, our Indian comrades in this great crusade already have sold the Chinese Communists 20,000,000 yards of this precious cloth—a cloth so precious that the Russians, in their newspapers and radio-broadcasts, officially refer to it as "white gold."

Oh, yes, it might be of passing interest that the U. S. Army now has to bid in the open Japanese market for the same type of cotton goods. This the U. S. Army (casualty list now up to 90,000) did—for it wanted the sheetings to help rehabilitate the civilians, especially the women and children of South Korea. But, say the Japanese merchants, we can't deliver to you until January and February of 1952. And all the U. S. Army wanted was 124,000 yards at the prevailing price of 25 cents a yard. However, honorable merchants can get far more than 26 cents in the future's market and the black markets in Asia.

ALL THIS has developed in the last three weeks—since mid-September, when the Army had to lift some of its restrictions on the Japanese under the treaty.

It paralleled the collapse of the output of the Soviet Cotton Trust operated by a special Ministry of Cotton Growing. This material became so scarce that, on Oct. 3, Pravda (Communist party daily in Moscow) officially began referring to the product as "white gold" in an editorial entitled, "We Will Give the Country More Cotton."

The editorial, ordered by the Politburo, lashed out at the Cotton Growing Ministry and urged it to speed up the cotton pickers, weavers and other technicians.

The Pravda editorial warns the Communist party chiefs in the cotton "republics" of the U.S.S.R. to shiplash the workers and set high production standards for each man by creating "socialist labor heroes" whose special skills enable them to work more speedily than the normal fellow.

Here are the exact words of this order. It refers to the cotton raising sectors:

"In this respect, one must speak in the first place about the (Communist) party and the local government organs of the Uzbek Soviet Socialist Republic," says Pravda.

"As is known, Uzbekistan is one of the largest cotton bases in the country. In 1951, Uzbek agricultural workers gave their word to deliver to the state 500,000 more tons of raw cotton than last year. This made it incumbent upon the party organizations, and, in the first place, upon the central committee of the Uzbekistan Communist party, to pay great attention to the preparations for the gathering in of cotton.

"And what has happened in reality? Many collective farms and machine tractor stations of the republic emerged unprepared for the cotton harvesting campaign. It is essential to point out that the Kurum Soviet Socialist Republic is also lagging behind. Harvesting of cotton is also progressing too slowly in the Strevopol and Krasnodarsk regions.

"The interests of the state demand the fulfillment of the October plans in all cotton areas. To do this, party organizations must concentrate their attention on mass political work in links and brigades. They must see to it that labor is properly organized and labor discipline maintained; that daily tasks are fulfilled by everyone."

NO NEED to explain here just what "labor discipline" means in the Soviet Union—no strikes, no slowdowns, no complaints—or the slave camps await the groaners.

So word was dispatched to the Soviet Chinese that they could not count heavily on shipments from Russia. The Communist Chinese then turned to their Indian and Japanese commercial contacts. The Japanese use raw American cotton, incidentally, for this manufactured cotton export.

All this may not have been brought to the attention of Secretary of Commerce Sawyer. Since he once asked me to call such details to said attention, I am. Let's keep the enemy soldier cold in this hot war.

(c) 1951, Post-Hall Syndicate

Odd Facts

The earliest known copy of a Cadiz, O., newspaper is the Cadiz Informant of Jan. 9, 1818, which is in the possession of the American Antiquarian Society.

There is enough salt along the Ohio River to supply present consumption needs of industry for the next 100,000 years.

Flour was first shipped from Cincinnati to New Orleans in 1803, and in 1815 the first steam flour mill in Ohio was built at Cincinnati.

Making Like A Peace Dove

Vatican Move May Be Only A Start

By David Lawrence

Thirty-nine nations of the world maintain fully-accredited diplomatic representatives at the Vatican—there are 18 ambassadors, 16 ministers and five charge d'affaires. Only the United States and Russia among the large nations do not have legations or embassies at the Vatican.

This, it is disclosed, was one of the controlling reasons why President Truman, after many months of deliberation, finally decided to abandon the circuitous method of sending a "personal representative" to the Vatican and come out for full-fledged diplomatic relations.

This correspondent on June 6, 1950—after Myron Taylor, "personal representative," had resigned from his post earlier that year—wrote as follows:

"Representative McCormack of Massachusetts, Democratic majority leader, has recommended to the President that he meet the question forthrightly and appoint an American minister to the Vatican, sending such a nomination to the Senate. This would require a majority vote of the Senate to confirm, and then the matter of appropriation would be part of the State Department's annual budget."

AT THAT TIME the Vatican had manifested indirectly its displeasure that, with Taylor's departure, no steps had been taken to fill the post. It was made clear that a full diplomatic relationship was considered the only solution from the standpoint of the Roman Church.

It was pointed out at the time that even such non-Catholic countries as Great Britain, Norway, Sweden, Denmark and Switzerland maintained diplomatic relations with the Vatican, and Rome's churchmen wondered what had happened to cause a hiatus in the relationship established by Taylor.

It develops now that quite a debate has been going on behind the scenes.

In Taylor's letter of resignation, he had pointed out that President Roosevelt originally sent identical letters to the leaders of the Protestant, Jewish and Catholic faiths in this country to consult with him

from time to time and use their influence in strengthening the moral forces of the world.

Taylor's mission was to contact all religious groups abroad, and assurances were given to protesting elements in this country that, while he made his headquarters in Rome, he was supposed to travel in Europe and be in touch with all the church groups in the various countries.

QUITE RECENTLY another phase of the effort to mobilize the religious forces of the free world developed. Less than three weeks ago Mr. Truman, in a prepared speech to a Washington pilgrimage of American churchmen, made this disclosure:

"For some time, I have been trying to bring a number of the great religious leaders of the world together in a common affirmation of faith and a common application to the one God that all profess. I have asked them to join in one common act which will affirm those religious and moral principles on which all agree. Such an affirmation would testify to the strength of our common faith, and our confidence in its ultimate victory over the forces that oppose it."

"I am sorry to say that it has not yet been possible to bring the religious faiths together for this purpose of bearing witness that God is the way of truth and peace."

Even the Christian churches have not yet found themselves able to say, with one voice, that Christ is their master and redeemer and the source of their strength against the hosts of irreligion and the danger of a world catastrophe."

PERHAPS the President has in mind some dramatic move as a sequel to the appointment of an ambassador to the Vatican—some methods of establishing contact between our government and all the churches of the world in a tangible way so as to carry forward the original concept which Mr. Roosevelt had developed in wartime.

In the battle against communism, there are quasi-governmental problems of a religious nature involving not only the Catholic Church in European countries, but also the Moslem Church in the Middle East, as well as the Jewish Church in connection with the problems of Israel.

It may well be that the establishment of an "entente cordiale" with the Vatican is only the beginning of a series of ambitious projects on the part of the President to mobilize the religious groups against communism. Judging by the fact that Myron Taylor has been in frequent consultation with Mr. Truman lately, the possibility of further moves is being discussed in well-informed circles.

(c) New York Tribune, 1951

Monomania

By Truman Twill

At the risk of hurting some political corns, this is going to be about the phrase "total politician," used by Jesse Jones in his memoirs to describe the late Franklin D. Roosevelt.

The Texas financier meant that Mr. Roosevelt had a single motive for everything he did. He was so wrapped up in politics that he never thought of anything else, which explains a number of things that puzzled persons who had not head-first into Mr. Roosevelt's "monomania."

By Ed Reed

Off The Record

"We're playing 'Mr. and Mrs.'—so I'll take Billy's allowance for this week, Mr. Jones."

Once Over

By H. I. Phillips

What? Another Code?

Here we go again! The airwaves are to be cleaned up. This time the announcement comes from the television operators. (Boy, dig into the files and let us know how many years ago radio made the same announcement.) "Obscenity, smut and vulgarity" are to be barred from entertainment now flashed on the family fire-side screen, the video magnates say. "No acts or lines touching on abnormalities will be acceptable." But what's to become of all those video comics, including a half dozen of the highest paid, should the rules be enforced?

Abnormalities are currently regarded by some of the most famous comedians as top subjects for good clean fun for mommer, popper and the kiddies. During the last few nights the video fans saw two highly-exploited comics, sponsored by great industries, behave as if there was nothing so funny in the American home as the female impersonator, the freak of nature, the male hands-on-hips character and the pathetic biological problem case. The more exploited the comedian, the greater liberty allowed for his vulgarities.

THERE ARE NOW three kinds of television: black and white, color, and off-color. The off-color has been steadily on the rise. Up to the invention of radio, and more especially video, the American home has well protected from the mood of the gent's smoker, the stag party, the honky-tonk and the anything-goes type of performer. But today the old homestead is wide open from nursery to grandma's room.

Any sincere concern for the home would result in a swift clean-up. But out in Chicago the National Association of Radio and Television Broadcasters goes into the old familiar "Let's get up a code" routine. With a straight face, too. (And no introductory ballet entitled "Dance of the Insincerities" or "The Applesauce Waltz.")

GET A LOAD of the code! It bars:

- 1.—Any presentation of crime by techniques that make imitation easy. (We heard that one before.)
- 2.—The use of horror for its own sake. (Just for the sake of the soap powder, understand?)
- 3.—Any script that is excessively violent and creates a morbid suspense among children. (What! Ya mean you would cancel those 234 current programs, representing the very backbone of video entertainment?)
- 4.—Sex crimes, illicit sex relations, lewd movements, etc. (Pardon our yawning.)
- 5.—Presentation of crime in a frivolous, cynical or callous manner, which is unacceptable. (Unacceptable at the front door, that is. Just leave it on the back steps and run like everything, boy!)
- 6.—The casual treatment of divorce. (Does the man mean the commercial must show the couple Reno-bound in larger sedans?)

(By The Associated Newspapers)

Yesterdays

From The Review Files

THIRTY-FIVE YEARS AGO—Both East Palestine and East Liverpool claimed victory of the football game at East Palestine because of a disputed touchdown made by the Potters. The referee awarded the game to the home team by a 9-7 score but East Liverpool claimed the win 13-9.

Election Board Clerk Lloyd Gilmore reported 4,418 voters registered and eligible to vote in East Liverpool in the November general election.

Miss Margaret Hamill was guest artist at a concert by the East Liverpool Male Chorus, directed by Miss Lysbeth Hamill, in the High School Auditorium.

TWENTY YEARS AGO—The State Highway Department announced the number of the state road between Wellsville and Lisbon had been changed from 153 to 45.

The Akron, the world's largest dirigible, passed over East Liverpool enroute from Akron, where it was built, to its permanent hangar at Lakehurst, N. J.

Trades & Labor Council went on record as being in favor of Sunday shows would provide jobs pool because Sunday shows would provide jobs for nine additional men, temporarily out of employment.

TEN YEARS AGO—Patty Shope, Ruth Bowdler, Patty Pierce, Louise Pettay, Mary Sue Thompson, Rita Leberman, and Louise Kirk presented a sketch for the Junior Hi-Y Club at Pine Ridge Camp.

A dinner was given by officials of the Hall China Co. at the East Liverpool Country Club, celebrating the 75th birthday anniversary of F. I. Simmers, president of the company.

C. W. Hendershot of East Liverpool was elected a trustee in the Ohio Association of Insurance Agents at the annual convention in Toledo.

One Man's Opinion

By WALTER KIERNAN

Except for that communication from the American Legion to the State Department reading, "Give up!", National Letter Writing week produced no extra epistles of note.

Bill Boyle's resignation was dated the previous week, and doesn't count in the "funniest letter of the week" contest.

Incidentally, Boyle's resignation because of ill health doesn't mean that he is incapable of further public service. There are numerous examples of men whose sufferings ceased with their resignation.

O'Dwyer was a sick man in Manhattan and recovered in Mexico, Lehman resigned as governor of New York and regained strength as a senator in Washington, and Curley, a stretcher case in federal court, blossomed again in public office in Boston.

So you see, our worries for the health of our public servants are sometimes stronger than the illness itself.

Slow Leak

It occurred suddenly to many thousands who would rather not think about it the other day when the stock market developed a slow leak that this is one way the country might have to cope with the problem of inflation.

The cure would be worse than the disease. The last time it happened, what started out as a slow leak turned into a blowout without warning, and toppled the inflationary spiral into the ditch. It stayed there, spinning upside down, until World War Two set off a price boom.

World War One had set off a boom, too. Except for a period of uncertainty in the early 20's, that boom kept boosting prices a little further out of the common man's reach until the whole crazy situation blew up in October, 1929. A selling avalanche in the stock market let out better than \$20,000,000,000 of inflationary pressure in a fortnight. At the low point of the depression, in midsummer of 1932, securities values had dropped to less than \$16,000,000,000 from an inflationary high of \$90,000,000,000 before the historic blowout in October, 1929.

Fortunately, say the experts, this could not happen again. The government, they say, has made it impossible. Inflation, they contend, is here to stay this time. But it takes only a suggestion of escaping pressure to make even the experts wonder if they might be wrong.

Boundless Appreciation

The entire month of November has been set aside by the American Legion for appreciation of America. The cause is so worthy that nothing but credit will redound to its sponsors.

There should be special emphasis placed on the fact that the thing which sets Americans apart from other nationality groups is their vigorous use of their freedom and the jealousy with which they guard it.

Other countries, too, have natural resources, rocks, hills and temple'd hills, but America alone has the tradition that a man may use his freedom as he pleases, so long as it does not violate any of the rights of his neighbors.

In America there is no thought control. There are no individuals, not even in government, who may tell a free citizen what he must believe or punish him for believing something may happen to disagree with something they believe.

Schoolboy Goats

Perhaps the topsy-turviness of the times explains why the public can get more excited because schoolboy athletes accepted bribes to influence the score in a basketball game than it can because businessmen and government officials have entered into collusion to mulct the treasury of the United States.

The only victims of the score-rigging were professional gamblers and their clients. The persons who are most concerned with bringing the malefactors to justice are other professional gamblers and their clients—the ones who were played for suckers. They have an important stake in running down the schoolboy goats who threatened organized gambling.

Unless the breath of scandal can be averted from the kind of basketball played by squads representing schools which are using this game to draw attention to themselves, professional gambling will take a costly setback. The zeal being applied to the eradication of bribery among public officials, it would be miraculous.

Chinese Warfare

A third atomic explosion in Russia, announced by the White House, is accompanied by the umpteenth atomic explosion in the United States—an item of interest not announced by the Kremlin.

More than ever, the resemblance to what used to be called "Chinese warfare" is coming to the fore during this experimental period of the clear age. In this kind of warfare, the object was to carry on a bloodless war of maneuver. Armies marched and counter-marched, always just out of range. The climax of failure was to permit bloodshed. The climax of success was to capture the enemy without a shot fired in anger—and arrangement which called for a high order of restraint among generals.

The United States has made it abundantly nuclear age. In this kind of warfare, the object people have been reduced to a state of near-panic by the systematic publication of all the horrors of this particular kind of scientific destruction. It remains to be seen whether or not their firm determination to be spared will be shared in the showdown by the dictators of the Kremlin. But the omen is still good. The Russian dictators are shooting off enough bombs to command respect, and so are the peace-makers of Las Vegas.

Halloween, although an ancient Christian festival, long antedates Christianity and is largely of a "ludicrous character."

The production of hams in the United States along each year exceeds a billion and a half pounds.

Annual Event Next Wednesday

4 Groups Will Sponsor Chester Halloween Fete

Plans for the annual Chester Halloween fete were launched Tuesday night at a meeting of representatives of four sponsoring organizations.

They included the Build Freedom With Youth committees of the Chester Women's Club and the Chester Women's Civic Club, the High School Key Club and the Student Council.

The celebration will be held next Wednesday night in the City Hall Auditorium.

Mrs. J. A. Bower, chairman of the Chester Women's Club committee, presided at the session. Frank Katzenmeyer and Dyke Six are co-chairmen for the celebration.

The event will be held in two stages—6:30 to 8:30 for pre-school children and pupils through the first six grades, and 9 to midnight for seventh and eighth grade pupils and High School students.

A grand march will be held for the younger group when costume prizes will be awarded. Treats will be given the children.

Committee chairmen appointed last night include: Charles Wycoff, decorations; Charles Driehorst, entertainment; and Noreen Bennett, student chaperone for younger children.

Mrs. Bower said one aim of the celebration is to keep children from the house-to-house "begging" for treats.

Further plans will be made at a meeting Friday night at 7 at the City Hall.

Plans for the annual Chester Halloween fete were launched Tuesday night at a meeting of representatives of four sponsoring organizations.

They included the Build Freedom With Youth committees of the Chester Women's Club and the Chester Women's Civic Club, the High School Key Club and the Student Council.

The celebration will be held next Wednesday night in the City Hall Auditorium.

Mrs. J. A. Bower, chairman of the Chester Women's Club committee, presided at the session. Frank Katzenmeyer and Dyke Six are co-chairmen for the celebration.

The event will be held in two stages—6:30 to 8:30 for pre-school children and pupils through the first six grades, and 9 to midnight for seventh and eighth grade pupils and High School students.

A grand march will be held for the younger group when costume prizes will be awarded. Treats will be given the children.

Greenland 3 Islands, Expedition Reports

GODTHAAB, Greenland, Oct. 24.

A French scientific expedition says it has found that Greenland, regarded as the world's largest island, is really three separate islands bridged by an ice cap.

This was one of the results of a 26-man expedition led by Paul Emile Victor and disclosed here by his close collaborator, Captain Gaston Rouillon. The scientists have returned to France after several years' research in the Greenland wilderness.

They measured the thickness of the ice cap by setting off explosions and calculating the time it took for the echo of the blast to resound from the ground underneath. The maximum thickness of the ice was found to be two miles.

Rouillon said the scientists found that Greenland was divided into three islands by "two deep sounds running under the ice cap from coast to coast."

**German Girl Will Speak
At Scouts Juliette Low Tea**

Elfrieda Huen, a Girl Guide from Engers Germany, and an exchange student at East Palestine High School, will be the speaker for the annual Girl Scout Juliette Low birthday tea Sunday afternoon from 2-4 in the Memorial Auditorium.

The German equivalent of a Girl Scout, Elfrieda is a High School junior and one of three exchange students now in the Youngstown Diocese and sponsored by the National Council of Catholic Women. She is making her home with Mr. and Mrs. Herman Schlueter of East Palestine.

Her talk will concern "Girl Guides in Germany" and will be in keeping with the theme of the tea, "Hands Around the World in Friendship."

The opening flag ceremony will have Martha Tecca and Rose Ann DeCarmo as Brownie representatives, Ann Lynn Zook and Carol

Henderson for the Intermediate Girl Scouts and Corrine Russell for the Senior Scouts. Judy Ebaugh will lead the Brownie Scout Prom-ise and Geon, the Girl Scout Prom-ise.

Mrs. Harry Zook, president of the Leaders' Association, will give the welcome and Mrs. John E. Golding, Girl Scout Council commissioner, will bring greetings from her group.

The roll call for the annual offering of pennies saved by the girls will be in charge of Mrs. Adam Tecca, Juliette Low chairman of the Leaders' Association.

After each troop in the area has presented its contribution to the fund, Mrs. Tecca will present the collection to Mrs. John A. Monaskey, Juliette Low chairman of council, who will make the acceptance.

Songs will include "America" by the assembly and the "Hymn of Scouting" and "Girl Scouts Together" by the Girl Scouts.

Rev. Paul Bailey, pastor of the Boyce Methodist Church, will give the invocation and Rev. L. N. Lemmon, pastor of the Second Presbyterian Church in Wellsville, the benediction.

The ceremonies will be concluded with "Taps" and the retirement of the colors.
Refreshments will be served following the program.
Some 800 attended last year's event.

**Pandit Resignation
Accepted By Indians**

NEW DELHI, Oct. 24 (AP)—The foreign ministry said today it has accepted Mrs. Vijayalakshmi Pandit's resignation as Indian ambassador to the United States. It did not say when the resignation will take effect.

A press note said Mrs. Pandit quit her diplomatic job in order to run for parliament.

Mrs. Pandit, who is Prime Minister Jawaharlal Nehru's sister, was named ambassador to Washington early in 1949. Previously she had represented her government in Moscow.

Reliable sources said two weeks ago that Sir Girja Shankar Bajpal, secretary-general of the foreign ministry and India's agent-general in Washington from 1941 to 1946, will succeed Mrs. Pandit.

R. A. DOUGLASS
Heads service group for 1952.

**Robert Douglass
Elected Head Of
Chester Kiwanis**

Robert A. Douglass, secretary-treasurer of the Hancock County Federal Savings & Loan Association, was elected 1952 president of the Chester Kiwanis Club at its meeting Tuesday night in St. Matthew Episcopal Parish House.

He will succeed Rutan Bennett. Two other officers were elected, Eugene Seely first vice-president, and Rev. A. F. Hanes, second vice-president. Secretary and treasurer will be elected at a future board meeting.

William Conklin, Wesley Hobbs and A. C. West were named new members of the Board of Directors.
Hold-over members include Donald Chaney, Russell Davis, R. D. Manning and T. E. Ridge.

**High School Group
At Midland Elects**

Evelyn Hornick has been elected president of the Midland High School Historical Honor Society, Thomas Meese, sponsor, announced today.

Other officers for 1951-52 are: Jackie Lovejoy, vice-president; Mary Keser, secretary; Billy Dersheimer, treasurer, and Judy Lovejoy, chaplain.

Attending the first Mid-Western Conference of the Pennsylvania Federation of Junior Historians at Beaver Falls Monday were Miss Hornick, Miss Keser, Dersheimer, Judy Lovejoy, Carol Roszler, Janet Wilson, Geraldine Baker and Helen Arbuthine, all members of the society.

Miss Ann Barsh, Midland Spanish teacher, conducted a discussion on Pan-American customs at the conference.

**Colors Presented
To West Point Post**

WEST POINT, Oct. 24 (Special)—Martin-Dudick American Legion Post 711, organized in August by Post 275 of Lisbon, received colors from the parent group Tuesday night.

Past County Commander Paul Burnip of Lisbon was in charge of the ceremonies. The presentation speech was made by Robert Liggett, first vice-commander of Post 275, and the acceptance by Joseph Kusior, commander of the new post.

The colors were advanced by uniformed color guard from the Lisbon unit.

A delegation of 20 from Post 275 attended, led by Commander Paul Culler. Lunch was served by a Post 711 auxiliary committee.

Of Assisting Driver**

Coroner Ernest Sturgis is seeking the identification of the driver who took Mrs. Zamarelli to the hospital. He was an eyewitness to the collision and is needed for the inquest.

Sturgis said the driver, apparently on his way to work, pulled onto Route 30 from 170 just before the accident.

ined at the John Hopkins hospital in Baltimore, while Mrs. Zamarelli, a buyer for a Warren store, had gone on to New York.

Sturgis said he will hold an inquest. The date will be determined after funeral arrangements have been made for the victim.

Weirton Millmen

To Appear In TV Show

WEIRTON, Oct. 24 (Special)—Weirton Steel Co. employees, rated among the nation's safest steel workers, are to have a part in a new coast-to-coast television show.

"Industry on Parade", "Shots" of Weirton employees at work, using safety devices and appliances recently and the newsreel is being released on a nation-wide basis. It will be shown over Pittsburgh WDTV next Sunday.

Known as Reel 53, the telecast will eventually be scheduled over every TV station in the country. The 15-minute program contains Weirton Steel and other companies. It was sponsored by the National Association of Manufacturers.

Kills Wife, Self

FORT LAUDERDALE, Fla., Oct. 24 (AP)—Dr. Frank J. Furch Jr., 48, a retired Chicago chiropractor, fatally wounded his third wife and then took his own life here yesterday in what officers said was a case of murder and suicide. He had served eight years in Illinois State Prison for killing his second wife.

Sergeant Assigned

SALINEVILLE, Oct. 24—Staff Sergeant David A. Wargo, son of Mr. and Mrs. Joseph Wargo of R. D. 2, has arrived in the Philippines to serve with the 13th Air Force

Headquarters at Clark Air Force Base. He entered the service in 1947 and served two and a half years in Bermuda. He re-enlisted in 1950 and completed school at Lowry Field, Colo., before being assigned to the Philippines.

**WANTED
MEN WITH HERNIA**

Who Are Tired of Wearing a Truss

We want men, who are dissatisfied with trusses—who have tried "every truss on the market" and not found one that works.

We want hard working men whose jobs require lifting and straining—who don't want to spend time in a hospital—who want to regain their former strength and health.

We want YOU to come to our office for a consultation—and WE PROMISE

ISE: (1) that you need never buy another truss; (2) that your hernia will never again give you trouble; and (3) that many of you will see your hernia disappear completely. Our written guarantee says YOU must be satisfied!

Let the timid wait until they find there is no other way! YOU can find out about it now without obligation. Come early! Come when you can! NOW is the time!

Sclerosis Victim's Condition Improved

Mrs. Zalman M. Kaufman, back from eight and a half weeks treatment in a Tacoma (Wash.) Clinic for multiple sclerosis, was reported today much improved with her condition expected to grow better in the months ahead.

Daughter of Roy Bangor of Avondale St., the former East Liverpool woman's eyesight is improved, she walks more firmly and her hands shake less, the family said.

Her husband said "the best is yet to come during the months ahead. Improvement will be slow but doctors are certain it will progress". Kaufman accompanied his wife to the West Coast. They reside in Van Buren Homes at Beaver.

The expense of the trip and her treatment was financed by donations from his fellow employees at the Westinghouse Co. at Vanport and by her East Liverpool High School classmates and friends. She graduated in 1937. Both formerly lived here.

Juniors, Seniors, Staff Examined

Record 638 Given TB X-Ray Test

A record total of 638 persons were X-rayed Tuesday in the Memorial Auditorium in the Columbiana County Public Health League's annual tuberculosis case-finding campaign among High School students.

The examination was given principally to juniors and seniors, some of whom are shown here being processed by the X-ray technicians, and about 150 teachers, janitors and bus drivers.

Principal F. W. Gant of Wells-

dergarden children, who showed positive reaction in patch tests conducted in October, and their parents also were X-rayed.

Miss Lillian Schroeder, executive secretary of the league and in charge of the equipment, said the number tested yesterday was the biggest of any previous campaign.

Over 300 students from Wells-ville and Salineville High Schools received the examinations this morning at Wellsville High in the mass survey of students.

Principal F. W. Gant of Wells-

took the test and Principal E. W. Shields of Salineville reported 65 from his school were examined.

The mobile unit moved to Lisbon for X-ray of High School students this afternoon and Thursday will be at East Palestine for East Palestine and New Waterford High Schools in the forenoon, and in the afternoon at Columbiana for Columbiana and Fairfield Centralized High Schools.

Adults also were scheduled for X-ray this afternoon and tonight at Lisbon after the school period.

legal possession of firearms. His wife disappeared after the Charleston burglary.

Brooklyn Man Hunted As Ferriar's Slayer

TUCUMCARI, N. M., Oct. 24 (AP)—A pickup order was issued today for a Brooklyn man wanted for questioning in connection with the slaying of John Gunnish of Martins Ferry, O.

Sheriff Claude Moncus asked officers over the country to be on the watch for Frederick W. Heisler.

The bullet-riddled body of Gunnish, 39-year-old steelworker, was found near an abandoned roadway outside Tucumcari Oct. 12. His abandoned car was found later in Amarillo, Tex.

Youth, 18, Confesses Series Of Burglaries

CHILLICOTHE, O., Oct. 24 (AP)—A Columbus youth held in Charleston, W. Va., has admitted a long series of burglaries in Ohio and other states, Sheriff Sam Mark re-

ported yesterday.

Mark said he interviewed the youth in a Charleston jail, identifying him as a Cieskie Calvin Oliver, 18. He said Oliver told him he had burglarized a hardware and clothing store in Frankfort, O., of \$2,000 worth of guns and clothing Sept. 2.

In addition, the sheriff said, Oliver admitted other burglaries in Marion and Urbana, O., and at other places from Baltimore to California in a two-month period.

Mark said Oliver was caught Sept. 30 in Charleston while trying to rob a drugstore.

He said Oliver's companion in the crime spree was James Robert Massie, 26, of Fairborn and Massie's wife Betty. Massie was arrested in Olney, Ill., and now is serving a jail term in Olney for il-

New School Plans Detailed

Architect Speaks To Wellsville Kiwanians

A detailed explanation of the proposed new 33-room Wellsville school was furnished to the Wellsville Kiwanis Club by Charles E. Firestone, architect, at its meeting Tuesday night at the Riverview Hotel.

About 40 members heard the Canton architect explain how the three-story building will house both elementary and junior High School pupils if a \$560,000 bond issue is approved at the November election.

Firestone pointed out the first floor will be for primary pupils, the second floor for upper elementary students and the top floor for seventh, eighth and ninth graders.

Although plans call for 33 rooms, alternate plans, which will maintain the basic 23 rooms, are available, he said. Samples of materials to be used in the building were shown.

Superintendent S. E. Daw also spoke briefly, explaining the need for a general purpose room for younger children to provide a recreation place, meeting place and space for visual education.

Firestone, a member of the Firestone & Motter firm, which specializes in schools, discussed schools he designed in Barborton, Akron and St. Clairsville, and his recent tour of Europe.

Under Civil Service

COLUMBUS, Oct. 24 (AP)—All county hospital employees—with one exception—are under civil service, Attorney General C. William O'Neill ruled yesterday. The exception applies to employees the state Civil Service Commission "may find to be in the unclassified service because of the impracticability of determining their fitness by competitive examination". The opinion of the attorney general had been asked by the commission.

Social Affairs

Announcement is made of the marriage of Miss Thelma Elizabeth Heddon to Gilbert Leroy Heaton on Aug. 22 in the parsonage of the First Church of Christ, Rev. D. Park Chapman, pastor, officiated. The bride is the daughter of Mr. and Mrs. Joseph Heddon of Francis St., Pleasant Heights, and the bridegroom is the son of William Heaton of East Palestine.

She was a member of the Sophomore Class of East Liverpool High School and her husband is a brick yard employee. They are residing in East Palestine.

A bridal shower Monday night marked the approaching marriage of Miss Sally Ann Birbeck. Mrs. Charles Bosco of Park Way was hostess for the pre-nuptial event and Mrs. Frederick Yonz was associate.

Television and games were featured and 20 were present. Figures of bridesmaids were favors and wedding bells and white streamers with lighted tapers were arrangements for the buffet table. White chrysanthemums and pink chrysanthemums were used throughout the home.

Mrs. Alfred T. Birbeck poured, assisted by Mrs. Edwin S. Morse. Mrs. Ray L. Clendenning and the hostesses.

Open church rites will be held Friday night at 7 o'clock in St. Stephen's Episcopal Church. Daughter of Mr. and Mrs. Birbeck, 2865 St. Clair Ave., Miss Birbeck will wed Technical Sergeant George Frank of Arlington, Va., son of Mrs. Frieda Frank of Yonkers, N. Y.

Mrs. Jack Glover was elected president of the newly-organized St. Margaret's Guild of St. Stephen's Episcopal Church Monday night at a 6 o'clock dinner meeting in the Parish Hall. Others named were Mrs. Richard Pollock, vice-president; Mrs. Robert Harp, treasurer; Mrs. Charles Horton Jr., secretary; Mrs. Charles Glover, education secretary, and Mrs. Ralph Deering, united thank-offering secretary.

Twenty were present and hostesses included Mrs. Charles Land-back and Mrs. Charles Glover. Devotions were led by Mrs. Jerry Parker.

"Church Seasons" was discussed by Rev. Frederick T. Gillette.

Miss Agnes Bowyer and Mrs. Deering will be hostesses for the dinner meeting Nov. 26. Mrs. Frank Mitcheson will be program leader, and Mrs. Earl Salisbury devotion leader.

Two affairs over the week end celebrated the eighth birthday of Janice Beaver, daughter of Mr. and Mrs. Raymond Beaver of Dixonville.

A chicken dinner Sunday at the home of her grandparents, Mr. and Mrs. Enoch L. Jones of La-Croft, followed a surprise party given Saturday afternoon at the home of her parents.

Fifteen attended the party and winners for contests were Marilyn Neer, Clinton Gill and William Henrich.

Mrs. William Henrich assisted in serving.

Plans for a style show were discussed by the Deborah Circle of the W. S. C. S. of the First Methodist Church at a brief business meeting Monday night.

Mrs. Wallace Crooks and Miss Nora Blokner will be co-chairmen for the affair Nov. 8 in the social rooms.

Members attended the book review that followed, sponsored by the Dorcas Circle.

Miniature witches filled with candy were favors when the Jolly Forty-Niners Club met Monday night. Mrs. Helen Bartley of Lisbon St. entertained with two tables of 500.

Mrs. Frieda Skvarka won first prize, and Mrs. Marie Crytzer second. The club award was given Miss Theresa Wise.

The Halloween theme was featured in decorations and Mrs. Eileen Walker assisted in serving. The group will meet Nov. 5 with Mrs. Myrtle Seavers of Mapletree St.

A hayride along country roads near Wellsville was held Monday night by the Amiel Matred Class of the First Baptist Church.

Paul Serafy was in charge of the wagons and 26 made the trip. Members returned to the church and refreshments were served by Derrall Serafy and Jack Chadwick.

The group will meet Nov. 20 with Rev. and Mrs. William Brown of Avondale St.

Members of the Catholic Women's Study Club and guests toured Mrs. Viva Hune's antique shop in Chester Monday night.

The history of some of the articles was given by Mrs. Hune. Miss Lysbeth Hamill was hostess. Guests included Mrs. F. H. Coyne of Butler, Mrs. Paula O'Driscoll of Bangor, Northern Ireland, Mrs. L.

Members of the Octette Club will be entertained Friday night at the

MRS. DONALD GREEN

Bride in neighborhood romance.

Shirley Allison Weds Private In Parsonage Rites

A neighborhood romance between Miss Shirley Mae Allison and Private First Class Donald Green culminated in marriage Saturday night.

The nuptials took place at 7:15 o'clock in the parsonage of the First Church of Christ, Rev. D. Park Chapman, pastor, read the single-ring rites.

The bride is the daughter of Mr. and Mrs. Cecil Allison, 717 East Fourth St., and the bridegroom is the son of Mr. and Mrs. Albert D. Green, 715 East Fourth St.

Navy accessories were worn by the bride with a blue net dress.

Mr. and Mrs. Kenneth Carr were attendants.

A reception for the families followed at the home of Mrs. William Campbell of Hookstown, aunt of the bride.

The bride will remain with her parents and her husband returned to Camp Atterbury, Ind., where he is company clerk. He expects to leave shortly for Ft. Riley, Kas. He was inducted in October, 1950.

home of Mrs. Ellen Webb of Anderson Blvd.

Officers will be elected Friday night by the East Liverpool Garden Club at a meeting with Mrs. Verna Boulton, 811 McKinnon Ave.

A goal of \$100 for the thanksgiving offering was set by the Home Builders Class of the First Church of the Nazarene at its monthly meeting Monday night.

Plans were outlined for a membership drive during business conducted by Robert Allen, president.

Prayer was offered by Delmas Sanford.

A Halloween party followed and Allen won a costume prize.

Refreshments were served 20 by the host and hostess.

The group will meet Nov. 26 at the home of Mr. and Mrs. Willard Davis of Pennsylvania Ave.

Crystal Club 13 of Order of Eastern Star will give a 6 o'clock dinner Friday night at the Masonic Temple and a white elephant sale will be conducted by Mrs. Hazel Mast and the school bond promotional movie will be shown afterwards.

"Superstitions" will be roll call and hostesses will include Mrs. Pearl Capehart, Mrs. Margaret Miller and Mrs. Irene Mast.

Claude McCoy And Wife To Mark Golden Wedding

Mr. and Mrs. Claude M. McCoy, 533 Wedgewood Ave., will quietly celebrate their golden wedding anniversary Tuesday.

They were married Oct. 30, 1901, in Hookstown by the late Rev. James R. Hosick of the Presbyterian Church.

Mrs. McCoy was the former Martha M. Logan.

There are three daughters, Mrs. Paul M. Green and Mrs. John H. Rigby of Arlington, Va., and Mrs. Donald Dunlop of Winterville, and two grandchildren.

For 16 years McCoy was superintendent of construction for the Kerr Lumber Co. and during the depression he began private contracting. In 1942 he went to work at the Crucible Steel Co. in Mid-

land and is a millwright. Active in city politics, he served three terms as councilman-at-large beginning in 1914. He was one of the commissioners named to plan the proposed change in city government a few years ago when the city manager plan was under consideration.

Both are active members of the Second Presbyterian Church and he served as elder for 15 years and

Mrs. Edna Wolfe won first prize at 500 when the H. G. L. Club met Monday night. Two tables were in play at the home of Mrs. John Keller of Maine Blvd.

Second prize was awarded Mrs. Verna Boulton. Refreshments were served by the hostess, assisted by Mrs. Kathy Cain.

Mrs. Cain of Oakmont will entertain Nov. 5.

Approximately 150 heard Mrs. Carson Clancy of Youngstown discuss "Pathway to the Stars" (Kane), at a book review sponsored Monday night by the Dorcas Circle of the W. S. C. S. at the First Methodist Church.

The address of welcome was extended by Miss Maude Baum, president, and Mrs. Francis Lang, co-chairman, introduced the speaker. Selections were presented by the Junior Harmonettes of East Liverpool High School, accompanied by Miss Betty Hayes.

Refreshments were served and Mrs. W. O. Bloor and Miss Baum poured at a buffet table arranged with a light green cloth and dark green lighted tapers in silver candelabra. Cornucop and apple figures filled the pumpkin centering the table.

Mrs. C. R. Boyce was co-chairman with Mrs. Lang, and committee chairmen included: Refreshments—Mrs. Robert Miller; dining room—Mrs. Bloor; reception—Mrs. C. C. Ruckman, and tickets—Mrs. Gail Richmond.

The Gold Star Mothers Chapter will meet Thursday night in the V. F. W. Hall and tri-state district mothers of sons killed in action are eligible for membership.

Members of the Welcome Wagon Newcomers Club will hold a dessert-bridge meeting Thursday night at the Mary Patterson Memorial.

Hostesses for the 8 o'clock affair will be Mrs. B. P. Howard, Mrs. David Ingham, Mrs. Howard Claypool and Mrs. Glenn Donaldson.

Janet Cramer, Jane Lee Dyke, Virginia Dyke and Doris Christen won prizes at the Halloween party

MR. AND MRS. MCCOY

They plan quiet observance.

image sale this week and next on Market St.

Practice for the union meeting Tuesday, with All-American Council 287 as hostess, was directed by Mrs. Louise Cubberley, captain. Twenty-five were present.

The group will meet Monday night for final degree practice.

Mrs. Charles Rosenblum of Pittsburgh will be guest speaker at the annual pledge meeting for the East Liverpool Chapter of Had-

assah at 8:30 o'clock Thursday night at the Country Club.

Pictures of Israel will be shown by Mrs. Rosenblum, who recently returned from a trip there. Her husband is chairman of the Israeli bond drive in Pittsburgh.

A masquerade Halloween party was held at the monthly meeting of the Mary Martha Circle of the W. S. C. S. of the Pennsylvania Ave. Methodist Church Monday night. Mrs. Helen Williams of Erie St. was hostess.

Mrs. Ruth Savors received a costume prize.

Devotions were led by Mrs. Gail Merriman and business was con-

ducted by Mrs. Linda Standley, president. Plans were made for the Christmas banquet at the Paramount Dining Room in Calcutta.

Mrs. Jean Farnsworth of Erie St. will be hostess Nov. 19, and Miss Sue Kountz will lead devotions.

Prizes for the best costumes were awarded Mrs. Peggy Marquette and Mrs. Virginia Smith.

Prizes for the best costumes were awarded Mrs. Peggy Marquette and Mrs. Virginia Smith.

Halloween novelties and Fall flowers were decorations throughout the home.

Mrs. Kathryn Hull assisted the hostess in serving. The group will meet Nov. 5 with Mrs. Margaret Rabon of Route 30.

A masquerade party will be held by Class 13 of the Central Methodist Church.

Bitter medicine

The administration of medicine to youngsters often poses problems which only parents can understand. To win co-operation from a finicky child sometimes requires the patience of Job and the persuasion of Paul. The taste of modern pharmaceuticals, however, is greatly improved over the intensely bitter preparations used a few decades ago. Distasteful drugs are carefully masked by sugar-coatings, capsules, syrups, and other pleasing vehicles. To provide medicine in palatable form is the pharmacist's art. This is of primary concern here. Naturally, we cannot guarantee that all prescriptions will be pleasing to the taste, but we do our very best to make them so.

Listen, Coffee Lovers!

Hear the S-s-s that tells you it's new "Pressure Packed" Chase & Sanborn Coffee! Then sniff the richer aroma that promises you this is fresh, fresh coffee!

Scientific Reason

Important flavor elements escape from coffee in ordinary cans. Even when the can is sealed, freshness is lost!

In pressure packed cans positive pressure brings you coffee far fresher—far richer in important flavor elements!

Taste the marvelous difference today! Get new "Pressure Packed" Chase & Sanborn Coffee... for all the flavor your cup can hold!

Mrs. Alfred Steff Midland 2131

Miss Dorothy Trbovich, daughter of Mr. and Mrs. Mike Trbovich, 426 Midland Ave., became the bride of Adam J. Hodnick, son of Mr. and Mrs. Adam Hodnick of Rochester, on Saturday afternoon at 1:30 o'clock.

Rev. Paul P. Leger, assistant pastor, performed the double-ring ceremony in the Parish House of the Presentation Catholic Church.

Given in marriage by her brother, Stephen M. Trbovich of Midland, the bride wore a gown of ivory satin and lace with a lace bodice, Peter Pan collar, long pointed sleeves and lace extended into a redingote effect over a full skirt with full court train.

Her veil was a mantilla of matching lace over ivory silk illusion. She carried a bouquet of fleur d'amour centered with a white orchid.

Miss Dorothy M. Trbovich of Midland, a niece of the bride, was maid of honor.

Bridesmaids were Misses Nancy Trbovich of Midland, a sister of the bride, Deloris Hodnick of Rochester, sister of the bridegroom, and Marie Dapallonia of Midland. They wore identical gowns of shrimp-color bengaline with plum velvet accessories and carried star

Sunbeam IRONMASTER

STEAM OR DRY

No measuring, filling
No stopping or spilling

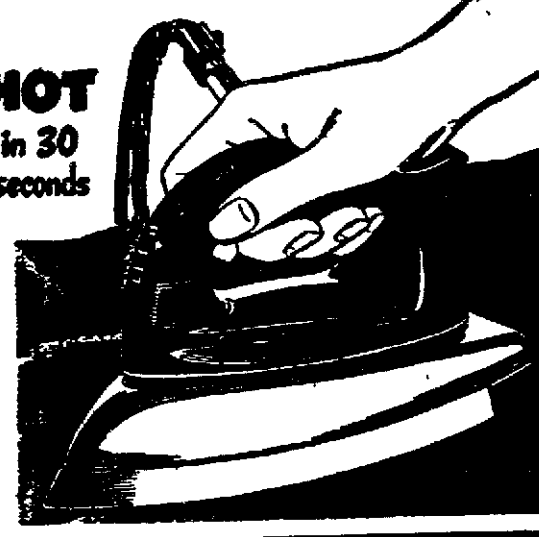

PLUG-IN for STEAM just as you do for current

SEE YOUR SUNBEAM DEALER: Let him demonstrate for you this amazing new Sunbeam iron for both steam and dry ironing that's the same size and weight as a regular lightweight dry iron, 2 3/4 pounds.

Think of it! Now, when you want to steam iron, you simply plug-in the water supply just as you do the electric current. You can switch from steam to dry ironing, and back again, as often as you wish. There is no filling or spilling. The water for steam is supplied from your bottle of distilled water, outside the iron. You get steam any time you want it, because the water is fed directly to the soleplate where it is instantly converted to steam. You never have to fill or empty this iron. It can't go dry in the midst of steam ironing. It gives you MORE steam and DEEP-STEAM penetration—steam gets down into thickest fabrics instantly, ironing out deep creases from woollens and rayons with tailor-like perfection. You get a constant EVEN steam-flow, without spurring, puffing or dripping.

Only after you have seen this amazing new Sunbeam Combination Ironmaster DEMONSTRATED can you truly appreciate what a blessing it can be for you.

Hauling Big loads? Need trucks that are built to take tough going day in, day out, on every job you have? Then Advance-Design Chevrolet trucks are exactly what you need. Big 105-horsepower Loadmaster engine... extra-rugged Chevrolet frame... smooth shifting Synchro-Mesh transmission... engineered-to-last rear axle... and many other outstanding features make Chevrolet trucks your best buy. Come in and see the big, brawny Advance-Design truck that's just right for your job!

105-h.p. Loadmaster valve-in-head engine and famous 92-h.p. Turbodiesel provide power that's tailored to the load.

Heavy-duty channel type frames are rugged, rigid and durable—engineered to carry rated loads with a wide margin of safety.

Synchro-Mesh transmission moves quick, quiet, safe shifting. No double-clutching. It's extra rugged—with wide-faced helical gears.

Hypoid rear axles with capacities to 13,000 pounds. Single unit housings for greatest strength. Full-size inspection plate for easy servicing.

Reinforcing Ball-Bear steering means easier steering and greater durability. Friction is virtually eliminated, wear greatly reduced.

Battleship construction double-walled sabs are extra strong and durable. Cab is a double-welded, all-steel unit.

Commission's Aims For State Changes Told

Former Ohio Senator Addresses Rotary On 'Little Hoover' Group

John Taylor of Salem, former state senator, discussed the proposed reorganization of the executive branch of the state government at Tuesday's luncheon meeting of the Rotary Club in the Travelers Hotel.

Taylor is vice-chairman of a committee, known as the "Little Hoover Commission", which has been appointed to make recommendations for changes for a more efficient system. Dr. Arthur S. Fleming, president of Ohio Wesleyan University, is chairman.

Taylor said the commission has recommended that four offices now filled in elections shall be made appointive. The state auditor and secretary of state would be elected by the legislature while the attorney-general and the state treasurer would be named by the governor.

The commission is one of four now studying plans to reorganize the state government. The others are being conducted by a Home Rule organization, the State Bar Association and the Social Science Section of the Ohio College Association.

Reorganization of the state government, Taylor declared, will depend on the vote for calling a constitutional convention, which will be submitted to the voters of Ohio in November, 1952.

The question which will appear on the ballot is:

"Shall there be a convention to revise, alter or amend the constitution of Ohio?"

If the proposal is approved by a majority vote, delegates to make a study of changes would be chosen at the next election. Changes in the constitution adopted at the convention would be submitted to the voters for their approval. Ohio's last constitutional convention was held in 1912.

Taylor was introduced by Walter Ashbaugh, program chairman. E. R. Chandler, chairman of the club's International Service Committee, reminded that today is the birthday of the United Nations. Fifty-two members and guests were present.

Plants Run Fever

BERKELEY, Calif.—Sick plants run a temperature. Temperatures of diseased plant leaves run from 0.1 degrees to 2 degrees centigrade above healthy plants, according to C. E. Yarwood, professor of plant pathology at the University of California.

Next time you make soft chocolate drop cookies, add a cup of seedless raisins to the batter.

Latin America Now Sets Pace On TV Stations

NEW YORK, Oct. 24 (AP)—Latin America currently is building more television stations than any other part of the world.

Nine stations are on the air with regular program service and 20 more either are in advanced planning stages or actually under construction. Latin-American nations are going for TV in a big way.

Since Spring, Argentina has opened its first station and Mexico has added two. Cuba and Brazil soon will have new stations, the third for each. The Dominican Republic and Colombia have joined the parade by ordering equipment.

Meanwhile, the government's three-year freeze of new stations has prevented further expansion of stations in the United States. Overseas, a third station in England is the only new European station in the last several months for regular program service on a basis comparable to that offered in this country.

However, the United States, with 108 stations and 14 million sets, continues to hold a tremendous lead over the rest of the world, and when the freeze is lifted, probably early next year, there will be a flood of new stations over the next several years.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your digestive tract every day. If this bile is not flowing freely, your food may not digest. It may just decay in the digestive tract. Then gas bloats up your stomach. You are constipated. You feel sour, snaky and the world looks puny. It takes those mild, gentle Carter's Little Liver Pills to get those 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 37¢ at any drugstore.

JOSEPH W. C. COOPER FOR CITY SOLICITOR (Democratic Nominee)

Out of 15 years' experience with Guaranteed Winter Starting—

SOHIO brings you the

most complete Winter Protection

ever offered... anywhere!

- ✓ No engine starting bills
- ✓ No winter engine sludge
- ✓ No frozen gas lines
- ✓ No frozen radiators
- ✓ No unexpected battery failure

FOR YOUR ENGINE

A change to winter-grade Sohio motor oil. For years, automotive engineers have recognized winter sludge as the greatest cold weather enemy of engine life and performance. New Sohio HQD Motor Oil prevents winter sludge. Its triple-strength cleansing action dissolves engine contaminants, prevents them from forming sludge, holds them in harmless suspension and carries them out of your engine at drain intervals. Only 40¢ a qt.

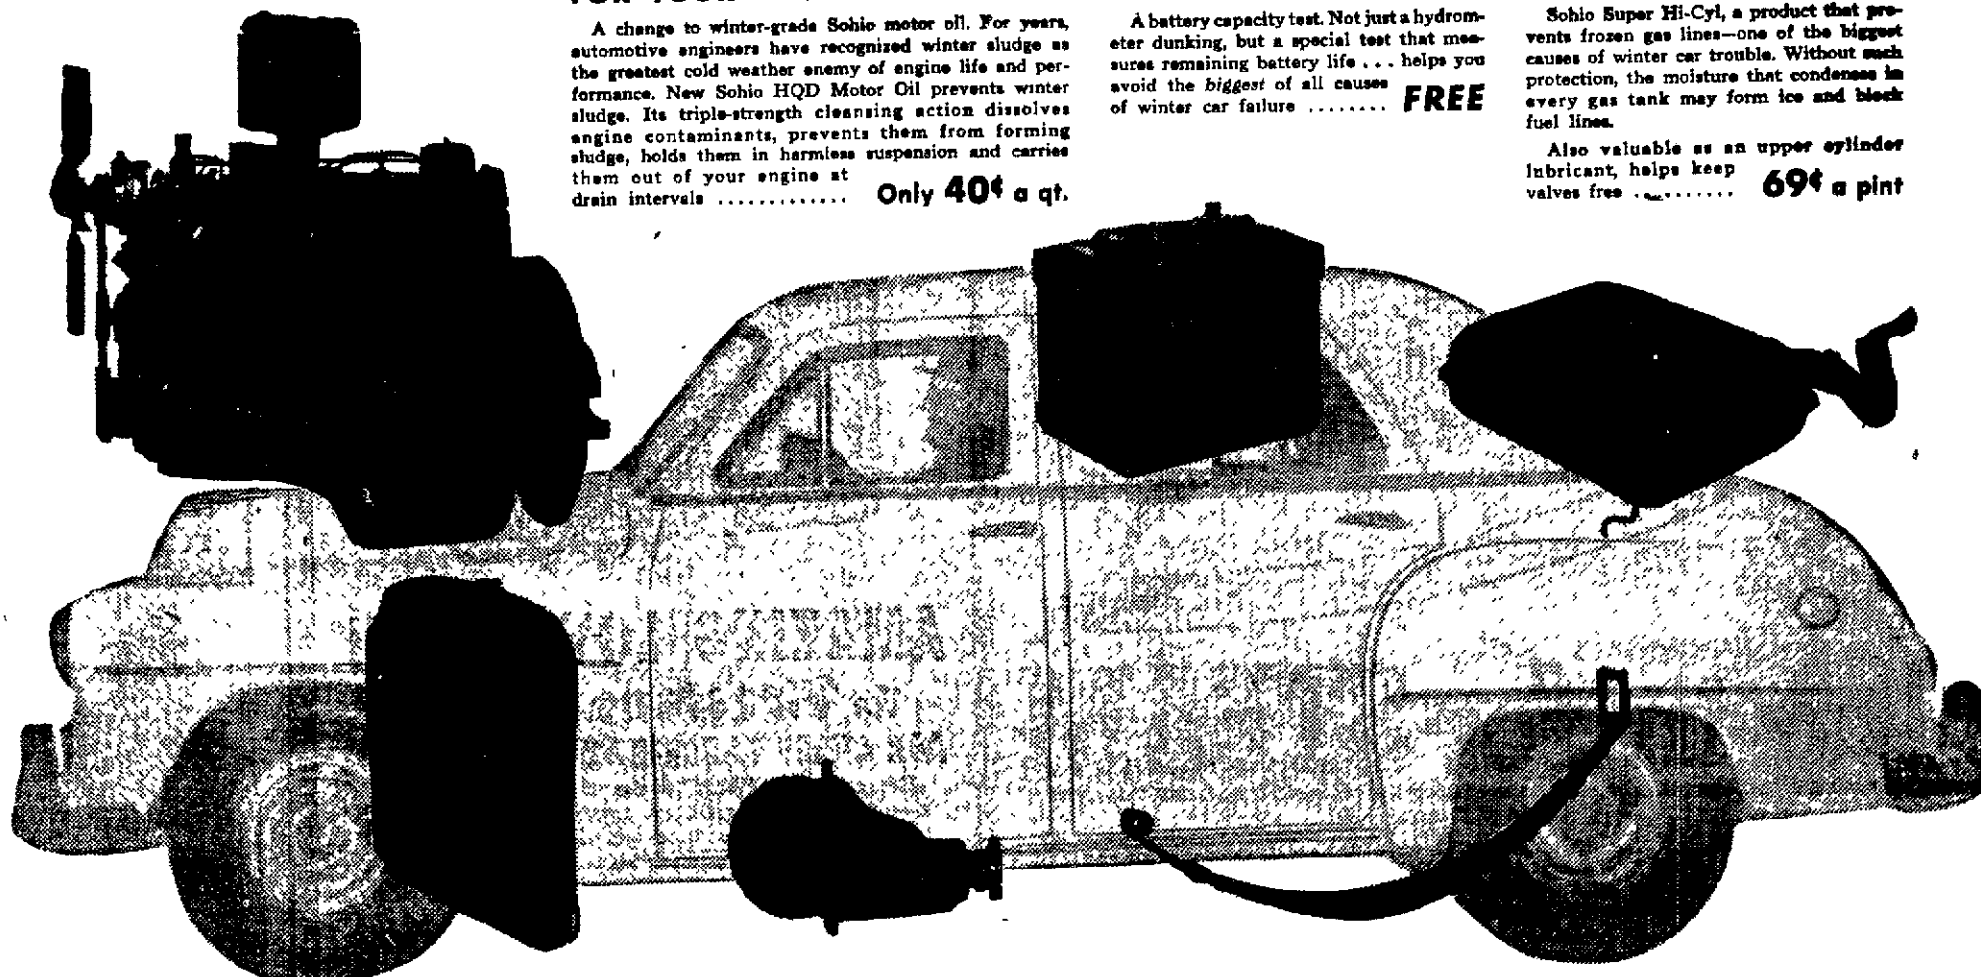

FOR YOUR BATTERY

A battery capacity test. Not just a hydrometer dunking, but a special test that measures remaining battery life... helps you avoid the biggest of all causes of winter car failure. FREE

FOR YOUR FUEL LINES

Sohio Super Hi-Cyl, a product that prevents frozen gas lines—one of the biggest causes of winter car trouble. Without such protection, the moisture that condenses in every gas tank may form ice and block fuel lines.

Also valuable as an upper cylinder lubricant, helps keep valves free. 69¢ a pint

FOR YOUR COOLING SYSTEM

Atlas Perma-Guard (permanent type) Anti-Freeze eliminates the radiator problem in one step. Non-evaporating, requires no refills, non-corrosive, completely safe. \$3.75 a gal.

And, if you use the alcohol type, get Super Sohio. It takes less to protect. Contains special residual protection ingredient that prevents solid ice and block cracking even if anti-freeze boils away. \$1.50 a gal.

FOR YOUR GEARS

A change to winter-weight Sohio Gear Lubricant in place of heavier contaminated summer lubricants in non-automatic transmissions and all differentials. Makes starting and shifting easier, gives vital gears a full season of sure protection. Most cars need six pounds or less. 30¢ a lb.

FOR YOUR CHASSIS

Sohio point-by-point lubrication, according to factory-approved specifications, gives the vital parts under your car fresh, cushioned protection against mud, slush and salt to which they will soon be exposed... gets them ready before winter strikes. \$1.25 MOST STATIONS

and

FOR BETTER PERFORMANCE

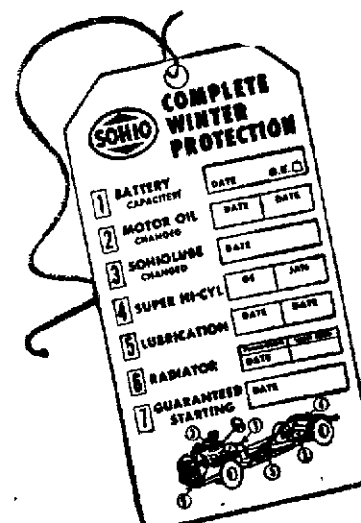

... all winter long... use sure-starting, non-stalling Sohio Supreme or Sohio X-TANE—Ohio's favorite high-rated gasoline refined especially to match Ohio motorists' cold-weather needs.

Including Sohio's exclusive **GUARANTEED STARTING**

To get it, just winterize with:

- 1 Any winter-grade Sohio motor oil
- 2 Sohio winter Gear Lubricant
- 3 Sohio battery capacity test
- 4 Sohio Super Hi-Cyl (one pint)
- 5 And use Sohio X-TANE or Sohio Supreme Gasoline

- at no extra cost!

Just what you need and only what you need!

No measuring, filling
No slopping or spilling

HOT in 30 seconds

The wonderful new answer to ALL your ironing problems. The water for steam is supplied from your bottle of distilled water, outside the iron—and becomes steam the instant it enters the iron. You simply plug it in, just as you do the current. You can go from steam to dry ironing, and back again, instantly, and get all the famous Sunbeam efficiency without additional size or weight. There is no filling, spilling, emptying or running dry in the midst of steam ironing. Hot in 30 seconds for dry ironing. Thumb-tip Heat Regulator up in the handle "right under your thumb". See it demonstrated.

fredlands JEWELERS
"On the Diamond"

HEADS LEGION AUXILIARY

Mrs. Euga A. Campbell of Homer, La., is the new national president of the American Legion auxiliary.

Vandenberg said the network has the latest electronic equipment. But he noted that the range of radar pickup of aircraft is still limited by the earth's curvature, round which radar waves cannot bend.

In answer to another question, Vandenberg made it plain that the chance of using any of the super long-range B-36 Consolidated Vulture bombers in the Korean war, even for no more than a combat test of the big plane, is remote.

The B-36, the general said, "is an atom carrier" and there is no reason for trying it out in Korea where the strategic situation is entirely different from that for which it was designed.

Korea is a small peninsula, he explained, whereas the strategic conception of the B-36 is for penetration at extreme ranges into a vast and remote country.

Moreover, appearance of a B-36 in Korean action would provide the enemy with a chance to learn the combat techniques used for the bomber, Vandenberg added.

"We wouldn't learn much, but they would learn a lot, so why do it?"

The air chief also made it plain that the bomb line in Korea remains on the Yalu River boundary of Manchuria. He said, when asked if there had been any change, that "the sanctuary is still the sanctuary".

The three most important hard fibers in world trade are Manila hemp, sisal and henequen.

Barkley Given Story On Loan

Did Nothing Wrong, Secretary Maintains

WASHINGTON, Oct. 24 (U)—Mrs. Flo Bratten arranged today to tell her boss, Vice-President Barkley, about the role she played last year in a \$1,100,000 government loan to build a swank Miami Beach hotel.

Barkley previously has said he wanted "to get her side of the story". That was his response when asked if he intended to keep Mrs. Bratten as a secretary. She has worked for him almost 26 years.

The plump, gray-haired secretary told newsmen yesterday, after being questioned by Senate investigators, that she had not attempted to exert influence and had done nothing wrong.

She said she had talked to Reconstruction Finance Corp. directors, including former chairman Harley Hise, merely to find out the status of the hotel loan application and not to urge its approval.

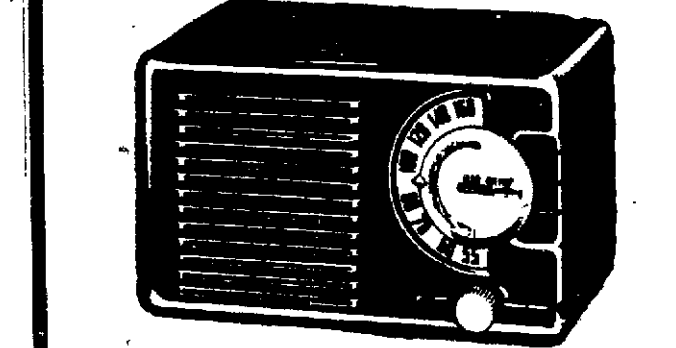

"I've been down to the R.F.C. hundreds of times, the same as any secretary, to make inquiries" about loan applications pending before the huge government lending agency, Mrs. Bratten said.

Asked if she intends to retire or resign, she shook her head no.

Mrs. Bratten was questioned behind closed doors by Francis D. Flanagan, chief counsel of the Senate investigations subcommittee, after she interrupted a vacation to fly back here from her home in Kentucky.

On orders from Chairman Hoey (D) of North Carolina, the subcommittee has undertaken a preliminary inquiry into the hotel loan and a \$325,000 loan to the Mercury Record Co. of Chicago.

Among 16 pleading guilty yesterday was James Stone, 20, of Youngstown.

New Oil Plan Offered Iran

Mossadegh Confers With Truman, Aids

WASHINGTON, Oct. 24 (AP)—A new plan to end the Iranian-British oil dispute reportedly was presented to Premier Mossadegh of Iran as he lunched yesterday with President Truman.

Secretary of State Acheson and Secretary of Defense Lovett were among top American officials who joined in the luncheon table diplomacy at Blair House.

Mossadegh arrived here yesterday from Philadelphia. Officials were keeping quiet about details of the proposal re-

portedly served up to Mossadegh with lunch, but one informed source said the broad outlines of one suggestion were:

Iran would own and operate her oil facilities, with the help of western technicians supervised by a manager from outside Iran but not of the same nationality as the technicians.

Iran would sell her oil at a "discount" to Britain and allow Britain to market it.

This was just a suggestion to get negotiations between Britain and Iran going again, the source said. Mossadegh's reaction was not learned.

Meanwhile, Iran's chief oil expert, Kazem Hassibi, was summoned suddenly today to Washington.

His departure aroused speculation that Mossadegh might be preparing to reopen negotiations with the British.

Delay Seems To Help Allies

Van Fleet Appears Ready For Anything

SEOUL, Korea, Oct. 24 (AP)—If the new Korean armistice talks fail, one of the unhealthiest things in the world would be a Chinese Communist in Korea.

During the last three and a half months, United Nations forces have wrested more than 250 square miles of Red territory.

Granted the fighting was tough and-go in several places and casualties ran unusually high, these gains are nothing to what General James A. Van Fleet's Eighth Army

could do. The best estimate of Chinese and North Korean strength now is about 500,000 men.

Although the armies are about even in manpower, the Reds still haven't the tanks and planes to march Van Fleet's.

Red jets have been swarming out of Manchuria in increasing numbers the last few weeks. They've been more aggressive, too. But Allied pilots continue to outshoot the Red MIG fliers.

Washington officials estimate the Reds have 1,200 planes in Manchuria, half of them jets.

There has been no recent estimate of troops in reserve in Manchuria.

The U.N. command has no means of definitely checking Communist resources north of the Yalu River boundary between Korea

and Manchuria.

Whether the Allies go on another drive into North Korea naturally depends on what happens at the Panmunjom talks.

Says King Had Cancer

MILAN, Oct. 24 (AP)—Professor Pietro Valdani, a prominent Italian physician, told the newspaper Corriere Della Sera last night that Britain's King George VI had cancer of the lung when he was operated on last month.

West Virginia Tests

New Type Subsoil Plow

MORGANTOWN, W. Va., Oct. 24 (AP)—A new type of subsoil plow

which will reduce damage to hill-side furrows is being studied here by West Virginia University's agricultural experiment station.

Station workers said the "Killefer" plow, used with tractor power, cuts subsoil and softer rocks to a depth of two to three feet. Until recently, the tool has been of little use in West Virginia.

But since the 1949 flood in the South Branch basin, workers said it has been used on many acres of shallow soil hillsides as one way to cut down storm runoffs.

Other advantages of the Killefer over contour furrows include less damage to the furrow by tramping and tire tracks, cheaper installation and longer useful life.

Although tests show some advantages now, station workers said they must make further studies before definite recommendations on the Killefer.

Byrnes Would Open

Welfare Rolls To Public

COLUMBIA, S. C., Oct. 24 (AP)—Governor James F. Byrnes favors opening welfare rolls to public inspection.

He added that he will recommend the legislature take such action.

Byrnes expressed the belief yesterday that publicizing the lists would cause many "chiselers" to be removed from the rolls and would induce more children to care for their aged or indigent parents.

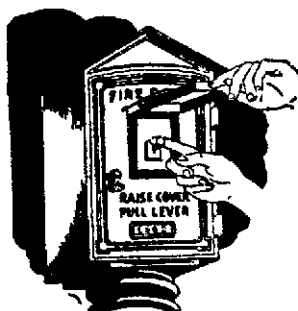

His remarks came at a meeting of the state budget and control board.

"It's the public's funds that are being spent," Byrnes declared. "The public has a right to know for what purpose its money is being spent. That's fundamental. An iron curtain ought not to be thrown around it."

Brehm Fights Case

WASHINGTON, Oct. 24 (AP)—Representative Walter E. Brehm (R) of Ohio today asked the U. S. Court of Appeals to throw out his conviction on charges that he illegally accepted \$1,000 in campaign contributions from one of his employees.

Radio In Review

By JOHN CROSBY

Mr. Skelton's Middle Phase

At lunch once—oh, this was four, five years ago—Fred Allen declared that radio critics, like press agents, N.B.C. vice-presidents and other riffraff were just parasites living off the earned increment of the entertainers.

I hotly disputed this wild statement, at least insofar as radio columnists—television was just a gleam in David Sarnoff's eye in those days—were concerned.

In the first place, I said, a radio comedian's increment was neither earned nor, with taxes the way they were, was it increment; it was unearned unincrement, a revision of the old phrase. Or to put it another way, it was conspicuous non-consumption.

So much for economics. On to parasitism. There are a lot of parasites feeding on radio comics in one way or another. As a matter of fact, radio comics feed on one another to great extent. The other night Red Skelton was overheard by several million eavesdroppers to proclaim that he couldn't afford to attempt new jokes on his program because the audience was just beginning to appreciate the old ones.

A LOT of other people—forty million different varieties of press agent, the William Morris agency, and anxious expressions from J. Walter Thompson—nibble away at the comedian's unearned unincrement or widow's mite. Parasites, all of them.

But the radio columnist, I proclaim, is not among them. (For one thing, he can't afford a crew haircut, or any other form of haircut.)

For another—we're approaching the crux; slow down to 40 miles an hour—there is nothing harder to write about, year in, year out, than radio. After five years and roughly two million words at this occupation, I can appreciate Mr. Skelton's old jokes as well as the next man and probably a little better, having heard them often.

But it's a lot harder to write about the old jokes than to repeat them. In other words it's pretty hard to grapple with Skelton again after these many Winters and come up with any fresh facets, any hitherto unrevealed aspects of a man who has been so strenuously exhibited on stage, vaudeville, radio and lately television for so long.

"MR. SKELTON can prattle along indefinitely, spitting out unrelated jokes with an air of such vigorous humor that, I'm forced to admit, he carries a large part of his audience along with him by sheer determination. It's a gift not to be taken lightly," I wrote once upon a time, long long ago. (If Mr. Skelton can repeat the jokes, I ought to be permitted to repeat the observations.)

Well, he's back on radio again (C.B.S. 8 p. m. Wednesdays) and the jokes—as Skelton himself confessed—haven't changed.

"You got any stewed chicken?" "Yes"—"Well, give 'em black coffee. That'll sober 'em up."

"Have you always been in this condition?" "No, I was single once."

However, while the material remains untouched by time, Skelton has been substantially altered by the passage of years and conceivably by success. Either he has mellowed or I have. Anyway, he seems less brash, much more sure-footed, and very likable. Eventually, he may go on to the goal of all comedians and be downright lovable. Some of the more aged Skelton scholars like myself may not live to see it—I shall go down in history as the authority on Mr. Skelton's middle or post-Paramount phase—but you youngsters probably will, because Mr. S. is a persistent fellow who has hurdled a lot of obstacles and ought to be able to hurdle a few more.

ONE HURDLE he'll have to clear before he reaches the apex of loveliness is his Mean Widdle Kid routine, which is as unappealing as ever, the passage of time notwithstanding.

Incidentally, Skelton is introduced with the words: "C.B.S. proudly presents. . . ." The adverb is inserted in there either to conceal the fact that Skelton hasn't got a sponsor or to attract one.

Another small milestone: C.B.S. signed off with the words: "This is the C.B.S. RADIO NETWORK." Well, well, well, I remember, way back when it was the CO. LUMBIA Broadcasting System. (c) New York Tribune, 1951

Maine Potato Man Wins Congress Seat

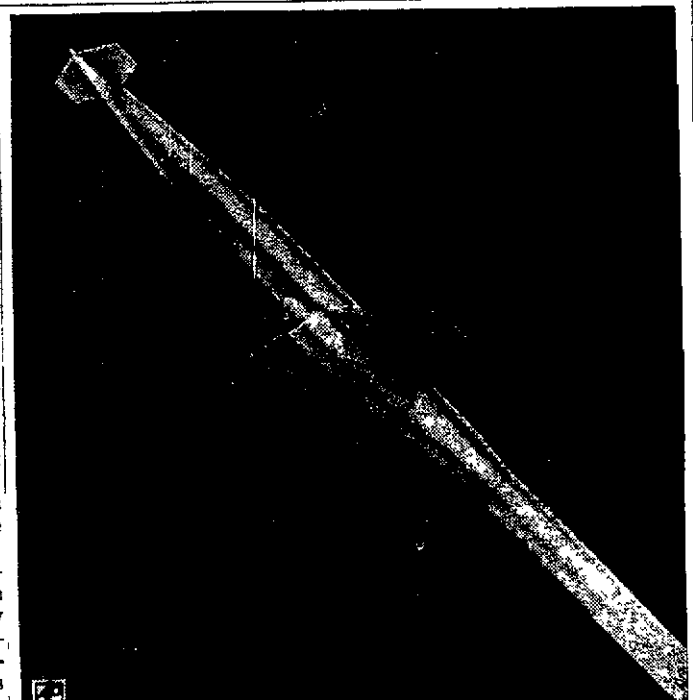

BANGOR, Me., Oct. 24 (AP)—A big Aroostook potato man who never sought public office before is Maine's new Congressman-elect, Republican Clifford G. McIntire, 43, of Perham will take office Jan. 8 as successor to Representative Frank Fellows (R), who died last August.

McIntire, a grower and executive of the world's largest potato co-operative, defeated two opponents in a special third district election Monday.

TAIL-FIRST. This drawing released by the Lewis Flight Propulsion Laboratory shows the new research trend in guided missiles—putting the horizontal control surfaces (fins) in the nose. This gives it the appearance of going "tail-first". Another new trend is to put the ram-jet engine which powers the missile inside the fuselage. The actual missile is being used in research.

Solemn, Rather Than Festive Occasion

U.N., 6 Years Old Today, Sees Gains Despite Strife

UNITED NATIONS, N. Y., Oct. 24 (AP)—It would sound a little like mockery to wish the United Nations a happy birthday today with the East-West cold war as intense as ever, U. N. and Communist forces battling in Korea, the whole Moslem world in turmoil and atomic explosions rending the air with increasing frequency.

That is the main reason, perhaps, that this sixth anniversary of charter day—the date the U. N. charter came into effect—is being observed in solemn declaration and prayer rather than celebrated in festive ceremonies.

Looking backward to the previous birthdays of the world organization, one is struck by the apparent step-by-step worsening of the world situation from year to year. The U. N. certainly never has faced so many grave problems as it faces today.

Yet the U. N. has made important progress during the last six years, especially in the field of collective security.

Multi-nation forces were raised to fight under the U. N. banner in Korea. The veto-free General Assembly was empowered to act against aggression. Member nations were asked to earmark forces to back up such action.

This progress—more marked in 1951 than in any other year in history—is the principal reason for what little optimism there is.

In an anniversary statement in Paris, U. N. Secretary-General Trygve Lie voiced both his disappointment over the course of events and his hope for the future.

Lie said the fear of a new world war "is still the most predominant factor in the international scene and also evidence that the ends for which the United Nations was created have not been fully realized."

"Great, and in some respects, successful efforts, however, have been made by the United Nations to prevent war, to promote the peaceful settlement of disputes and to serve as the channel of cooperative action toward the achievement of economic and social progress. Delays and setbacks certainly have been registered, but our record of the last six years shows significant and constructive work of which we can be justifiably proud."

Most U. N. officials and delegates agree with this viewpoint.

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests! Chances are you're putting up unnecessarily—with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action! So get Lydia E. Pinkham's Vegetable Compound—new, improved tablets with added iron. See it—taken through the month—it doesn't give relief from those backaches, litters—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!

It has a soothing effect on uterine contractions that often cause menstrual pain!

PTA Plans Bond Support Campaign

An intensive telephone campaign for passage of the \$560,000 bond issue for a new MacDonald School in Wellsville was planned by the executive committee of the MacDonald Parent-Teacher Association Monday night. The issue will be on the Nov. 6 ballot.

Methods of promoting the bond issue to the fullest extent were discussed and the phone campaign was adopted to encourage and urge voting on Election Day.

Telephone committees were formed to contact all homeroom mothers, who in turn will contact families of all school children in the city's four schools.

William Menough will be in charge of the High School, Mrs. Russell Dyser of McKinley School, and Mrs. Jennie Presutti of Garfield School. Homeroom mothers will conduct the campaign among parents of MacDonald School pupils.

A donation of \$40 was approved

by the committee to be given to the Board of Education publicity committee. This money will aid in the board's expenses of publicizing the bond issue. A pre-election parade is being organized by Mrs. Helen Vernia Welch.

A policy of providing treats for the homeroom with the largest attendance of parents at the association's monthly meetings was approved.

The sun's brightness in candlepower is about four billion billion (or four followed by 27 zeroes.)

Auto Dealers Lose Fight Over Insurance

COLUMBUS, Oct. 24 (AP)—The Court of Appeals ruled yesterday that Ohio can prevent General Motors Corp. dealers or allied companies from selling insurance.

The decision was handed down in a suit brought by the Motors Insurance Corp. of New York, a subsidiary of G. M., and a number of its Ohio agents.

It charged Walter A. Robinson, state superintendent of insurance, and Robert L. Moulton, state commerce director, had denied insurance licenses unconstitutionally.

Attorney General C. William O'Neill, who represented the state officials, said the auto dealers were selling most of their insurance to persons who bought cars from them.

He said the car buyer usually was required to buy insurance before he could buy a car on time.

The insurance company said there are 863 auto dealers in Ohio and 267 allied companies which sell both automobiles and auto insurance.

Drake Back's Rushing Title In Jeopardy

NEW YORK, Oct. 24 (AP)—Johnny Bright's bid for his third straight national ground-gaining title was in jeopardy today.

Bright, Drake's star halfback, is the individual leader in total offense and rushing among the nation's major college football teams but a fractured jaw, suffered against Oklahoma A & M last Saturday, may relegate the Negro flash to limited duty the rest of the season.

According to statistics released by the NCAA Service Bureau, Bright tops the parade in total offense with 1,349 yards and in rushing with 821 yards. However, Bright is being pursued closely and limited service probably will cost him the crown.

Harry Geldien of Wyoming is 300 yards behind in total offense. The Cowboy has amassed 1,011 yards rushing and passing.

Only Handful In Running In Ohio Grid Race

Waterford Sets Record \$329 Payoff

The largest payoff in Waterford Park's history and the second largest in the country this year was paid out Tuesday to the few holders of tickets on Abbestale in the fourth race.

Owned by Charters Stables and ridden by D. Teague, Abbestale paid \$329.20, \$169.80 and \$26.20. There was only \$70 bet on it to win, \$36 to place and \$84 to show.

The largest payoff this year was at Rockingham Park in September when Royal Marvel paid \$367.80. Abbestale's record overshadowed that of Velmi Dobry in the fifth when it paid \$119.60 to win. A \$2 place ticket was worth \$34 and a show ticket paid off \$17.80.

The daily double payoff on Pair Reno and Columille was \$283.60. The handle was \$223,438.

FOURTH, \$1,200, 6 f., 3 y., 1 m. and 1-16 Montauk 106, Blue Row 106, Newtown 112, Huddle 112, Narasag 114, Free Gift 116, Possingworth 117, Brazil 117, Bedrate 114, Andy's 116, 100-100 Flame 111, Highland Dream 112, Waxton 114, Donna S 101, Poles Playmate 112, Cape Hatteras 112.

Vargo and his buddies on the line average 177 pounds, bigger than the Potters when Irvin Flint, ponderous 260-pound tackle, is not playing. The Rider ball-carrying corps tips the beam at a hefty 170 for a team average of 174 pounds.

The other veterans, all of whom had the dubious distinction of playing in the debacle here in 1950, include Guards Harry Karanthanis, 165, and Bill Stein, 162, Right Tackle Bill Dorsey, 190, Right End Bill Almsashy, 168, Quarterback Bill Hanke, 192, Right Half Bill Holbrook, 148, and Fullback Carl Sommer, 184.

Newcomers to the varsity who are scheduled to form part of the offensive unit are Left End Jess Carroll, 160, Left Tackle Elmer Turvey, 210, and Left Half Buddy Snyder, 155.

Snyder, however, is not new to varsity fire. He's a transfer from Barnesville High where he was a standout regular for two seasons.

Almsashy is regarded as the best kicker the Riders have had since the great Lou "The Toe" Groza. The rangy terminal does the kicking off and extra points. Sommer handles the punting. Snyder and Sommer split the passing duties, depending on whether the team runs from the "T" or single wing.

Designed to keep the opposition off balance, Coach Thomas not only runs his proteges from the "T" and single wing, but tosses in the double wing at times.

Defensive replacements include Guards Dick Green, 160, and Dave McKim, 165, Tackle John Hill, 175, and Halfback Buddy Davis, 135.

The kickoff at Ferry Stadium will be at 8.

Fight Results

NEW YORK (Broadway Arena)—Paddy Young, 160, New York, outpointed Johnny Noel, 160, Brooklyn, 10 rounds, 10-0.
NEWARK, N.J.—Ralph Giordano, 141, Newark, N.J. outpointed Reggie Martin, 139½, New York (8).

Leo Durocher Named 'Manager Of The Year'

NEW YORK, Oct. 24 (AP)—Leo Durocher, whose managerial career hung in the balance four years ago, is baseball's "manager of the year" for 1951.

The 45-year-old pilot gained the accolade for leading the New York Giants to the most sensational pennant triumph in National League history.

Durocher won the award in an Associated Press poll conducted among the 187 members of the Baseball Writers' Association of America.

The Giant leader collected 113 votes to breeze home ahead of Casey Stengel, manager of the World Champion New York Yankees, who was second with 64. Stengel won the award in 1950.

Other pilots who figured in the poll were Al Lopez of Cleveland, Paul Richards of the Chicago White Sox, Jimmy Dykes of the Philadelphia Athletics and Marty Marion of the St. Louis Cardinals. Lopez and Richards received four votes each and Dykes and Marion one apiece.

Durocher, advised of his selection while playing golf near his West Los Angeles winter home said: "That's great news. It makes me very, very happy. I am very grateful."

"I'm grateful to the New York Giants' team. It was the players who made this possible for me. Without them, without the grand way they played I wouldn't get this honor, of course. They came through and played like the champions they are."

Durocher's darkest hour was in 1947 when he was suspended for the season by former baseball commissioner A. B. Chandler for "conduct detrimental to baseball."

Durocher returned to the helm of the Brooklyn Dodgers in 1948 but on July 16, in a move that stunned the baseball world, he switched to the New York Giants, Brooklyn's most hated rivals.

The Giant fans didn't take to Durocher immediately. Some even termed the move high treason. The Giants finished fifth in 1948 and 1949 and the fans began yelling for Leo's scalp.

Durocher risked his job during the 1949 off-season when he broke up a slow-running, but heavy slugging crew for "my kind of team."

The Giants started slowly in 1950 and again Durocher's job was in jeopardy. But the New Yorkers finished a strong third.

Durocher's 1951 team was favored in many quarters to bring the Polo Grounds its first flag since 1937. But the Giants lost 11 straight during the first month and the outlook was black, indeed.

The little leader restored the team's confidence and the Giants began to climb. They trailed Brooklyn by 13½ games as late as Aug. 11 but kept plugging away and finally caught the Dodgers two days before the end of the season. The Giants climaxed their comeback by beating the Dodgers in a playoff for the pennant.

Ol' Swami Favors Bucks

By CHARLES CHAMBERLAIN
CHICAGO, Oct. 24 (AP)—About to go under for the third time, the Ol' Swami coughs up these football forecasts:

Wisconsin 21, Northwestern 14—If quarterback Johnny Coatta's bad ankle holds up, the Badgers should notch one of their most important Big Ten victories.

Illinois 27, Indiana 13—The undefeated Illini must be doubly wary of the unpredictable Hoosiers who ground down Ohio State, 32-10, in a major upset last week.

Michigan 13, Minnesota 6—The Wolverines are riding high with league wins over Iowa and Indiana.

Ohio State 20, Iowa 13—Both teams were humiliated last week by lopsided losses and should be bristling for a comeback.

The Buckeyes have the guns and won't be firing blanks in trying to salvage some of their lost prestige.

Others in a hurry: Notre Dame 21, Purdue 7; Michigan State 27, Pitt 7; Marquette 14, Miami of Ohio 8.

Movies Show Drake U. Star Back Was Slugged

STILLWATER, Okla., Oct. 24 (UP)—The slugging of Drake football star John Bright appeared to be a closed incident at Oklahoma A&M today, but not at Des Moines, Ia., home of Drake University.

A&M Coach J. B. Whitworth said yesterday he planned no action against Aggie Tackle Wilbanks Smith, who Saturday hit the Negro halfback twice with his forearm, sidelining Bright with a broken jaw.

Bright, the first and only Negro ever to play on Lewis Field in Stillwater, left the game with a broken jaw after four plays, one of them a 61-yard pass for a touchdown. Movies, as well as still pictures taken of the controversial play, showed that Bright had been slugged.

A&M went on from there to defeat Drake, 27-14.

Massillon Holds Inside Track Again

By International News Service
Only a mere handful of the hundreds of teams that started the 1951 Ohio scholastic football season are actually in the running for the mythical buckeye gridiron crown.

As the teams leg-it down the home stretch, one team is in the driver's seat and that is Massillon. The Tigers have proved their superiority in every contest and a consensus of opinion among the sports writers is that there is no team strong enough to knock the Massillon eleven down.

Stuebenville, Lima Central, Barberton, Zanesville, Springfield and Hamilton are waiting for some team to come along and belt the Tigers from the high perch they have held for many years.

Massillon plays Warren this week end and the Panthers, although they downed Alliance by a bigger score than Coach Chuck Mather's crew, are accorded little chance of ending the 20-game winning streak by the Tiger eleven.

Zanesville could move into the little picture if Massillon is beaten. The Blue Demons have displayed a high scoring attack, but their opposition has been of lower caliber than that encountered by other top teams.

Springfield's stock got a sharp boost after an impressive 8-7 win over previously unscathed Hamilton. However, the defeat did not oust Hamilton from the title picture.

Stuebenville continues to rip through opponents. The Big Red dropped a 13-6 decision to the Tiger eleven earlier in the season.

Barberton's undefeated Magics shaded Canton Lincoln last week and face a tough test against Akron St. Vincent.

Lima Central's overwhelming decision over Middletown boosted its winning streak to six games. Van Wert, unbeaten in six tilts, is the next foe for Central.

Meanwhile, Hamilton will get little chance to revive from the Big Blue plays a rugged Toledo Libbey.

Cleveland Collinwood's unbeaten gridgers also face a tough test in Cleveland John Adams. Cleveland Rhodes and Cleveland Heights, the two other undefeated teams in the Cleveland area, put their skins on the line but are expected to come through without difficulty.

Unbeaten Fremont Ross is expected to have its hands full with once-beaten Bowling Green. Youngstown East is the only undefeated team in the Mahoning Valley City. They meet Youngstown Wilson.

Still remaining on the list of the unbeaten as the season enters its seventh week are: Fanesville Harvey; Ashland, Delaware Willis, Dover, Harrison, Norwood, Bay Village, Orange, New London, Cincinnati Central Vocational, Loudenville, Troy, Warren St. Mary's, Chaucer-Dover, Wintersville, Dublin, and a few other teams.

East End Sees Hope Of Tying For Crown

East End's defending Grade School League champions see a change of tieing Downtown for the 1951 title in Thursday's game with Northside at Patterson Field. The kickoff will be at 4:15.

A triumph is needed however, to keep their hopes alive. Then to gain the deadlock they'll have to beat Downtown.

If Thursday's game ends in a tie or a victory for Northside, the last game will be called off and the All-Star squad will begin drills for its game with the Liverpool freshmen, Doyle Nutter, Grade School athletic supervisor, announced.

Hayes Shuffles Lineup For Iowa Passing Game

COLUMBUS, O., Oct. 24 (AP)—Hayes plans to use Bill Wilks, a junior from Hamilton, at quarterback. Wilks looked good in the 32-10 loss to Indiana last Saturday.

"I don't think there's any doubt but that he's a little better passer than Curcillo," Hayes said.

It looks like Bernie Skvarka and Walt Klevay will be the starting halfbacks. Hayes hopes he can use All-American Vic Janowicz, but the team doctor has recommended he be kept on the sidelines for one game because of a rib injury.

Ohio State will be seeking its first conference win. The Bucks have lost to Michigan State and Indiana, tied Wisconsin, and defeated Southern Methodist.

'Parents' Night' Slated Thursday By Nonpareils

The second "Parents' Night" of the 1951 football season will be held Thursday night at 8:15 when the Blue & White Nonpareil Club will meet at the D. A. V. Country Club at West Point.

Parents of all football players will be guests at the affair and will hear Coach Wade Watts speak on the coming game with Martins Ferry. Superintendent Ralph Betts also will be a guest speaker and will show the school bond project movie, "Your Home Town."

Harry McConville, president, will conduct the business meeting. He said wives and friends of club members are also invited. A lunch will be served.

McKechie To Coach Red Sox, Son Says

ENDICOTT, N. Y., Oct. 24 (AP)—Bill McKechie, veteran major league manager, will come out of retirement to coach Boston Red Sox pitchers this Spring, his son says.

Jim McKechie, sports director of station WENE, Endicott, said his father would help Lou Boudreau, the new Red Sox manager, "for Spring training only, so far."

The younger McKechie said he got the information from his father on the telephone from Bradenton, Fla.

Branch Rickey Defends Baseball At Hearing

Resents Idea That Sport Is 'On Trial'

WASHINGTON, Oct. 24 (AP)—Branch Rickey, father of baseball's farm system, today told a congressional committee Tuesday he resents the idea that baseball is on trial.

Rickey was testifying before a House Monopoly Subcommittee investigating whether baseball violates anti-trust laws.

"The most regrettable thing about this hearing," Rickey said, "is that people reading the newspapers may get a sense of growing suspicions that baseball is on the defensive, that it's done something morally wrong."

Representative Keating (R) of New York agreed with him, but Chairman Celler (D) of New York said his mail did not indicate the public felt as Rickey said it did.

Rickey also:

Staunchly defended the farm system he helped launch.

Declared he never knew of an instance where a major league team deliberately kept a player in the minors even though he was ready for the majors, and

Insisted that, in the long run, major league clubs must do right by the minor league towns or the public will penalize them by staying away from games.

Rickey went all-out in his defense of the farm system.

"The farm system," the general manager of the Pittsburgh Pirates said, "is the savior of baseball."

He said it is "problematic" if minor leagues would be operating today if major league clubs had not bought minor league teams for the development of players.

The subcommittee last week heard Leslie O'Connor, aide to the late high commissioner K. M. Landis and now counsel for the Pacific Coast League, recommend the abolition of the farm system.

The group calling Rickey and baseball's new czar, Ford Frick, today announced that a large number of the nation's sports writers believe the reserve clause, by which club owners can renew players contracts annually is necessary and desirable. This was brought out by a poll which also favored the farm system.

Rickey, first to testify, said he would place no limit whatever to the number of baseball players a major league could control as long as each team owned only one club in each of the minor leagues.

Chairman Celler (D) of New York suggested baseball's rules at the time the farm system got under way limited major league clubs to the "control" of 40 players.

Rickey said the farm system did not violate that rule, because the big league clubs did not "control" the minor league players.

"For 22 years," he said, "Judge Landis never interpreted the word

MacPhail Today's Witness At Hearing

WASHINGTON, Oct. 24 (AP)—Larry MacPhail, former boss of the New York Yankees, was today's witness before congressional men investigating the game.

MacPhail is expected to be questioned about his views on the controversial reserve clause, the draft rules and the farm system—now that he is a horse breeder in nearby Maryland.

The daddy of the farm system, Branch Rickey—defended its operation before the committee yesterday and called it "The savior of baseball."

Rickey started the farm system while bossing the St. Louis Cardinals back in the 1920's and later pushed it to maturity while head of the Brooklyn Dodgers.

Now general manager of the Pittsburgh Pirates, Rickey said the farm system is good for the players, the fans and the parent clubs.

SALESMEN FOR NOW. Shortstop Phil Rizzuto tells New York Yankee teammate, Catcher Yogi Berra (left), to put down his mitt and get to work as he joined Rizzuto on the sales staff of the American Shops of Newark, N. J. Rizzuto has been a salesman at the store for the past few years during off season. He lives in nearby Hillside. Berra recently bought a home in Woodcliff Lake, N. J.

Charleston Will Seek Spot In Piedmont Loop

CHARLESTON, W. Va., Oct. 24 (AP)—Charleston's professional baseball interests were ready today to make their first formal request to the six-team, Class B Piedmont League for admittance.

Spokesman Harry A. Wallace Jr., of the Municipal Stadium Board said he would attend a meeting of the Piedmont loop Sunday in Richmond, Va., in the wake of execution of a new contract between the city and the Cincinnati Reds.

The contract, under which the National League club agrees to continue to operate the city's professional nine—if there is such a team—is effective for one year but carries a two-year option.

It is similar to the agreement under which the Reds have operated the Charleston Senators in the Class A, six-team Central League the past three seasons. The old contract expired with the end of the 1951 season.

There have been repeated indications that the Central League, which now also includes Dayton, O., and Flint, Saginaw, Grand Rapids and Muskegon, Mich., will not attempt to operate next year.

If it does, Charleston apparently will no longer be a member. General Manager Gabe Paul of the Reds told the Stadium Board Monday that Cincinnati could not again field a Class A club here because of the small size of the Reds' farm system.

The Piedmont League now includes Richmond, Roanoke, Lynchburg, Portsmouth, Norfolk and Newport News, all in Virginia. Charleston's chances of gaining entrance hang in part in the obtaining of still another member to provide an eight-team circuit.

President Clyde Elliott of the Bluefield Baseball Club, which has been operated in the Class D Appalachian League for several years by the Boston Braves, said his organization definitely was interested in the Class B circuit.

He added, however, that he cannot attend Sunday's meeting because of an Appalachian League session at the same time.

Elliott also told a newsmen in Bluefield that his club would not formally withdraw from the Appalachian—also a six-team affair in 1951—unless it could obtain a definite commitment from a major league club to operate the Bluefield franchise completely in any Piedmont League venture.

Bluefield now has no major league connection. The National League Braves announced recently that they would not continue their operation there.

Since the Central League still exists, at least on paper, Charleston can obtain no definite action Sunday.

Wallace, however, said he would offer the Piedmont League "A formula adequate and suitable to offset the additional travel that would be entailed by our entry in the league."

Paul assured the Stadium Board that the Cincinnati organization would do all in its power to help Bluefield obtain big league sponsorship should the Piedmont League arrangement materialize.

Parkersburg Still On Top

BECKLEY, W. Va., Oct. 24 (AP)—With a rating of 13.43, Parkersburg's Big Reds were still at the top of the scramble this week for the 1951 Class A scholastic football title.

Sissonville was leading the Class B contenders by a shade better margin than Huntington Vinson High School.

New ratings were announced here today by the office of Secretary W. R. Fugitt of the State High Athletic Association.

Six Class A teams still were in the undefeated ranks. They led the field as follows:

Parkersburg, with seven victories, 13.43; Beckley, seven victories, 12.73; Dunbar, six and 12.50; Charleston Stonewall Jackson, six and 12.08; Elkins, seven and 11.86; and Gary, five and 11.80.

The standing of B schools:

Sissonville, 11.50; Vinson, 11.33; Pennsboro, 11.12; Rainelle, 10.62; Moorefield, 10.16; Farmington, 10.07; Rowlesburg, 9.50; Oceana, 9.40; and Glenville, 8.87.

Louis Says He'll K.O. Marciano Friday Night

NEW YORK, Oct. 24 (AP)—Joe Louis thinks he'll knock out Rocky Marciano Friday night at Madison Square Garden.

"He can't fight," said Louis after watching movies of the Marciano-Rex Layne fight. Joe didn't even stay to see the ending and Marciano's knockout victory.

The 37-year-old ex-champion looked fit and trim as he breezed through his final boxing session, hitting with power.

Despite reports of Louis' fine condition, odds favoring the Bomber slipped a peg to 6½ to 5 against the unbeaten Brockton (Mass.) who can punch.

Marciano is the best slugger Louis has met on the way back with 32 knockouts in 37 straight pro triumphs. He can punch with either hand and sustain an attack. He is far from a master boxer, however.

SPORTS ROUNDUP

by Hugh S. Fullerton, Jr.

NEW YORK, Oct. 24 (AP)—Last spring the owners of hockey clubs, tired of seeing their valuable property damaged, tried the interesting experiment of telling the referees to enforce the rules to the letter.

It worked so well in the playoffs this fall and the results have amazed everyone. Frank Boucher, who has seen a number of games on the road before bringing the Rangers here for tonight's opener, was almost breathless as he told about it. "It has made a much better game," said Frank. "I was afraid at first that the penalty benches would be full, but the players seem to realize that they can't get away with hooking and holding and board-checking and they're not doing it. This gives the good players a chance to show their ability—and every team needs a star—and it takes away the advantage of the poor player. And it doesn't eliminate contact. The difference is that it has brought back clean body-checking—out where the fans can see it."

Court Favors Teacher In Ticket-Taking Case

MEDIA, Pa., Oct. 24 (AP)—A high school teacher's protest against taking tickets at a football game was upheld Monday in Delaware County Court.

Judge Harold L. Ervin ruled in favor of the widely-publicized appeal by A. Todd Coronway, a teacher at suburban Lansdowne High School.

Coronway appealed from a ruling by the state superintendent of public instruction who said that school officials were within their rights in ordering him to act as a ticket collector at football games.

The assignment of Coronway to take the tickets at a game last Oct. 28 "was a demotion of Coronway in type of position," Judge Ervin ruled.

"The duties of a teacher are professional and cannot be measured with a time clock," he added.

Euclid Rider Claims Bicycle Race Record

PITTSBURGH, Oct. 24 (AP)—A new unofficial record is claimed today for the 12-hour two-wheel bicycle race by Dick Korver of Euclid, O. He covered 208.8 miles Pittsburgh Youth Council of the American Youth Hostels.

A race official said yesterday the record run won't go into the books as breaking the mark of 204.2 miles covered by Tony Smeriglio at Freeport, Long Island, in 1943 unless the 3,963-foot long course on Water Street wharf is officially measured.

Jim Beres of Akron, O., covered 208.3 miles; Ted Jeannette, Wilkinsburg, 199.7; Jack Stein, Pittsburgh, 198.7; Daniel Mest, Toledo, 197.8. Betty Dierler of Pittsburgh, the only woman entered, finished ninth with 180.1.

St. Louis Hockey Star Heads For Good Season

By The Associated Press

Cliff Simpson, 28-year-old center of the St. Louis Flyers, appears headed for another banner American Hockey League season.

Simpson, only player ever to score 40 or more goals in three different seasons, is averaging a goal a game for the high-scoring Flyers.

The clever veteran pumped home two goals last night as he led the Flyers to a 9-2 romp over the Providence Reds. The goals increased his output to six for the season and boosted his league career total to 213. The victory enabled the Flyers to tie the Pittsburgh for the Western Division lead.

Canton Coach Quits

CANTON, Oct. 24—Officials at Canton Central Catholic High School are expected to name a successor to Vince Snyder as head football coach today. Snyder, head coach since 1948, resigned last night because "there were too many hands in the pie."

National Hockey League referee Bill Chadwick played second base on the Jamaica (N.Y.) High School team in 1933 and also starred on the hockey team.

Ousted Tax Aid Ignores Probe

Subpena Issued For Dismissed Collector

BULLETIN
WASHINGTON, Oct. 24 (AP)—A subpena was issued today for Joseph B. Marcelle, former internal revenue collector at Brooklyn, after he failed to appear at a House ways and means subcommittee hearing on irregularities in the government's tax-collecting system.

WASHINGTON, Oct. 24 (AP)—The Brooklyn federal tax collector ousted last night was haled immediately today before Congressmen investigating the Internal Revenue Bureau.

Counsel for the subcommittee said the reasons for the resignation will be brought out at today's session.

Tax commissioner John B. Dunlap said in announcing the action the reasons were personal.

He said Joseph B. Marcelle, collector for the First District of New York, resigned after a long conference yesterday among Marcelle, Dunlap and Secretary of the Treasury Snyder.

Dunlap said: "The resignation was requested for the good of the service. Thus far, the investigation has not disclosed any discrepancies in the Brooklyn office or improper conduct."

Marcelle was the sixth revenue collector to be suspended or forced from office in recent months.

Dunlap told the subcommittee yesterday it was no more than coincidence that the revenue bureau took key actions in two tax cases shortly after they were mentioned in Senate speeches.

One case involves William Lias, a wheeler-dealer who was charged with civil actions for \$2,261,772 in taxes and penalties. He has been acquitted of criminal charges in connection with his returns.

The other is that of Ardele H. Myers, Kansas City (Mo.) coin machine distributor.

On Oct. 12, the bureau recommended his prosecution by the Department of Justice for 1945 and 1946 tax returns which Dunlap said involve a total potential liability of about \$330,000.

'No Second Winter,' Korean Vets Assured

SOMEWHERE IN KOREA, Oct. 24 (AP)—Mrs. Anna Rosenberg, assistant secretary of defense, today visited Korea and assured fighting men: "No man in combat will spend a second winter in Korea."

Except a few technicians difficult to replace.

Mrs. Rosenberg referred to the rotation of men who have been in Korea approximately a year. There is no hint that the war won't go into a second winter.

She also said category four officers—inactive reservists involuntarily called back into service—will be released after their 17-month hitch.

"The law requires these officers to be released, and we are going to live up to that," Mrs. Rosenberg told newsmen.

The lively little lady secretary leaped to a front-line post after landing at a division air strip.

\$636 For Each Person Spent By Congress

WASHINGTON, Oct. 24 (AP)—In the session which ended Saturday, Congress approved government spending which amounted to \$636 for every man, woman and child in the country.

The final compilation by the House appropriations committee showed today that Congress voted \$91,626,563,164.

That does not include an estimated \$7,000,000,000 in more or less permanent allotments which include such items as about \$6,000,000,000 on the national debt.

On the basis of 154,000,000 population, that means \$636 for each person. While not a record outlay, it is the third highest in history, being exceeded only by two World War years.

The money appropriated was \$4,847,171 less than President Truman requested. That represents a reduction of 4.6 per cent.

World Disarmament, War On Poverty Urged

CLEVELAND, Oct. 24 (AP)—Socialist party leader Norman Thomas sees universal disarmament and in an international war against poverty as the two "musts" for lasting peace.

"We can't disarm unilaterally," he said in an address last night. "Universal disarmament will require the supervised control of a strengthened United Nations."

Unless some attack is made on the poverty in Asia and Africa, he added, there is a "good probability" that they may turn to communism or quasi-religious fascism within the next 10 years.

Thomas declared he doubts Stalin will seek war "while he is doing so well without war."

County Nurse Resigns

LISBON, Oct. 24 (AP)—Miss Laura Clark, supervisor of nurses for the County Health Department, today announced the resignation "for family reasons" of Mrs. Kathryn Peterson of Lisbon as a general duty nurse. This leaves but four nurses in the general classification.

762 Judges, Clerks Mailed Information

The County Election Board threw its machinery into high gear today, completing final preparations for the Nov. 6 election.

Instructions were mailed Tuesday to the 762 judges and clerks who will staff the 127 precincts. Six are assigned to each polling place, three representing each major party.

The highlight on the instruction sheet shows that staffs will report results first on a proposed amendment to the state constitution that would allow counties to elect more than one probate judge if they find a second is required.

Drafted by Frank R. O'Hanlon, clerk, the three-page instruction manuals also cover other procedure, stressing that the so-called office type ballot will be in use for the first time in an off-year election.

Because the new ballot eliminates straight ticket voting, an X must be placed alongside the name of each candidate for whom the elector wishes to vote, the board pointed out.

Frank R. O'Hanlon, clerk, said he will make the official inspection of precinct ballots tonight, clearing the way for the Keystone Printing Co., contractor, to make deliveries Thursday. State law requires the inspection before the ballots are sealed for delivery.

Meanwhile, the Columbus Blank Book Co. of Columbus has notified the board that it will make deliveries of poll books by truck tomorrow. Those for the Northern end of the county will be dropped off at the Courthouse in Lisbon and the balance will be brought to the board's office in City Hall.

The board expects to pack ballots and other precinct supplies early next week, clearing the way to distribute them to presiding judges the following Saturday and Monday, O'Hanlon said.

Union Loses Battle Over Firing Of Worker

CLEVELAND, Oct. 24 (AP)—A union may not use the courts to force an employer to reinstate a worker fired on grounds of unsatisfactory service, a judge ruled yesterday.

Judge Frank J. Merriek denied such a petition filed by the C.I.O. United Auto Workers against the Champion Forge Co. He said: "So far as we know, a court of equity never has attempted to compel a person to perform personal services, nor to compel an employer to accept the personal services of an employee."

"It would be impracticable to enforce the relations of master and servant against the wish of either."

The firm said it fired Arthur Lombardi, 41, for "poor workmanship" after warning him about it. Lombardi said he was dismissed without proper cause.

100,000 Guardsmen Now Serve With Army

WASHINGTON, Oct. 24 (AP)—The chief of the National Guard bureau says that more than 100,000 Guardsmen are now on active duty with the Army.

By the end of the year, he added, 486 of the Air Guard's 601 units will be serving at home and overseas.

Major General Raymond H. Fleming told the annual meeting of the National Guard Association yesterday that the Guardsmen called to service came from 1,500 separate units, including six divisions and three regimental combat teams.

Two additional divisions, the 37th from Ohio and the 44th from southern Illinois, have been alerted for duty early next year.

Trial Opens In Suit Over Traffic Fatality

LISBON, Oct. 24 (Special)—A \$7,700 damage action arising from a fatal traffic collision Feb. 17, 1950, on Route 165 near East Palestine went to trial today before a jury in Common Pleas Court at Lisbon.

Clarence H. Berton of Petersburg is seeking damages from Andy W. Kliner of New Waterford. R. D. 2. Kliner's son, Richard, 17, was driving the other car and was killed in the crash.

City Man Passes Pharmacist's Exam

Two Columbiana County men were among 56 granted pharmacist certificates at Columbus Tuesday by the State Board of Pharmacy. The examinations were conducted Oct. 8-9.

They are Howard Galloway of East Liverpool, and Don E. White of Columbiana.

Galloway, a graduate of the University of Pittsburgh, is employed in the Irwin Pharmacy, 1216 Avondale St. He is a nephew of Mrs. William T. Owen, 738 Riley Ave., with whom he resides.

PTA To Meet

SUMMITVILLE, Oct. 24—James L. McBride of Lisbon, superintendent of county schools, will discuss school levies up for vote at the November election when the Summitville Parent-Teacher Association meets at 8:30 p.m. Friday in the school.

Iceland exports cod, haddock and herring to the world.

A CHANGE OF BILL. Rome's famed Colosseum, often setting for savage gladiator battles, presents peaceful scene as a concert was arena's featured attraction for first time.

TNT Tests Are Held Before New Atom Blast

LAS VEGAS, Nev., Oct. 24 (AP)—The Atomic Energy Commission scheduled TNT explosions for today at its Nevada proving grounds, preliminary to testing another of the nation's new nuclear weapons.

Taking an unusual step for a non-atomic blast, the A.E.C. asked the Civil Aeronautics Administration to warn all planes away from the area.

The C. A. A. warning also ordered aircraft to avoid the altitudes of 11,000 and 14,000 feet between Las Vegas and Albuquerque, N. M.

There was to be no atomic explosion today, the A.E.C. said.

The warning to the C. A. A. led to speculation that some of the A.E.C.'s own B-29's are involved in the "dry run", perhaps dropping conventional type bombs.

Thus the second atomic blast in the current test series may come as a bomb drop. The first, a low-grade explosion Monday, was from atop a 100-foot tower.

Cowen Will Become Acheson's Special Aid

WASHINGTON, Oct. 24 (AP)—Myron M. Cowen resigned yesterday as ambassador to the Philippines to take on an assignment as special assistant to Secretary of State Dean Acheson.

The State Department, in announcing his new job, said that his first task will be to put into effect the mutual defense treaties which the United States recently signed with the Philippines, Australia and New Zealand.

Later on Cowen is expected to get assignments dealing with Far Eastern problems.

Cowen, a former Washington lawyer, served briefly as ambassador to Australia before going to the Philippines in 1940. His resignation from the Philippine post will be effective Nov. 15.

12 Fight For Service In Phone No Man's Land

COLUMBUS, Oct. 24 (AP)—It's tough to get telephone service if you live 11 miles from Steubenville and two and a half miles from Bloomingdale.

The state Utilities Commission yesterday set Nov. 29 for the hearing of a complaint by Harry Flohr and 11 others that they have been unable to obtain phone service.

Roy Black, president of the Bloomingdale Telephone Co., has told the commission his company does not have the money to build lines outside the village limits.

Ohio Bell, which serves Steubenville, says the area is not in its territory.

Hammondsville

Mr. and Mrs. Kendall Frampton and his father, I. N. Frampton, have concluded a visit with relatives at Bowling Green and Bellefontaine.

Mrs. Evelyn Grafton and Mrs. Mary Pysniak and daughters spent the week end with their parents. Mr. and Mrs. John Boyle, at Cleveland, Boyle is a patient at the Cleveland Clinic Hospital.

Mr. and Mrs. Glenn Myers and son, Wayne, visited Monday in Wheeling.

Rogers

Mrs. Grace Shively and the Young Folks Class of the Methodist Church will sponsor a "Ladies Dixie Minstrel" Friday night at the Community Hall.

Mr. and Mrs. Eugene Hiding will attend a meeting of the State Rural Letter Carriers Association Saturday at Columbus.

Mrs. Edna Dickey, Mrs. Orpha Baker and Mrs. Leona Rudabaugh, delegates of the Anna Eckley Chapter of the Order of Eastern Star of Negley, attended the Ohio Grand Chapter sessions last week at Columbus.

Storms Kill 100

ROME, Oct. 24 (AP)—Almost 100 persons have been killed in violent storms raging throughout Italy.

Firefights live in America in an area generally east of the Rockies and centered on the 40th parallel.

28th Dies In Atlanta From Poisoned Liquor

ATLANTA, Oct. 24 (AP)—The toll of liquor poisoning deaths reached 28 early today—and the list of dead is expected to grow.

Twenty-two persons died of methyl alcohol poisoning at Grady Hospital in the wake of week-end sales of a mixture of wood alcohol and water peddled as "good drinking liquor—cheap". Six others died in their homes.

Physicians at the hospital have treated more than 100 for the deadly poison. And cases were still coming in today. Of the two dozen victims remaining under hospital care, several were given only a scant chance for recovery.

Twelve Negroes accused of peddling the poison have been jailed on charges of suspicion of manslaughter. Officers are searching for an unidentified white man believed to be the source of supply.

Most of the victims were Negroes. Two white persons succumbed to the poison.

Negro College Fund Climbs To \$4,146

The United Negro College fund being collected in the Weirton-Staubenville-Hancock County joint campaign has reached \$4,146.15.

Rev. A. C. Brogdon, pastor of St. Peter's A. M. E. Church in Weirton, chairman of the 1951 drive for funds to support students in 32 Negro colleges throughout the United States, reminded that the goal of the district campaign is \$7,000, should be reached. Rev. Brogdon is being assisted by 80 district sponsors. Many people who received letters from the campaign committee asking for contributions this year and who previously supported the Negro College Fund in their contributions, he said.

Contributions are accepted by mail only, and should be sent to Campaign Headquarters, Dunbar High School, Weirton.

Dr. Sander Still Barred From Hospital Cases

NASHUA, N. H., Oct. 24 (AP)—Dr. Hermann N. Sander, the small town physician whose murder trial last year won world attention, failed last night to regain the right to treat patients in Hillsborough county non-denominational hospitals.

His application for readmission to the county medical association was denied by a vote of 58 for to 43 against, 13 short of the required two-thirds majority of the number voting.

Dr. Sander has resumed practice, but refers hospital cases to other physicians.

Economic Pressure Put On German Reds

BONN, Oct. 24 (AP)—East Germany's Communist rulers were warned today that they will get no West German products—especially the iron and steel for which they yearn—unless they stop interfering with Berlin's trade with the West.

The warning was contained in a communique issued after consultations between the western Allied high commissioners and West German Minister of Economics Ludwig Erhard.

Wellsville Teachers To Attend Convention

Wellsville schools will be closed Friday so that teachers may attend the Eastern Ohio Teachers' Meeting in Marietta, according to Superintendent S. E. Daw.

Credit also will be given to those visiting other school systems in the general area.

Asylum Fugitive Slain After 7-Hour Gun Fight

PETERSBURG, Va., Oct. 24 (AP)—A badly wounded mental institution escapee, shotgun still cradled in his arms, was killed late yesterday by a fusillade of bullets that ended a seven-hour gun battle in which a state police investigator was killed and six other persons were hurt.

Police shot Herbert Johnson, 37-year-old Negro, after storming an unoccupied two-story farmhouse in which he had taken refuge following his flight from nearby Central State Hospital.

Club Plans Food Sale

SALINEVILLE, Oct. 24 (AP)—The Band Boosters Club will sponsor a food sale Saturday, beginning at 9 a.m., at the Hart Motor Co. garage. Allen Allmon, president, said proceeds will be used to purchase band equipment. Mrs. Cieta Cassidy is sale chairman.

Asks Inflation War

NEW HAVEN, Conn., Oct. 24 (AP)—Bernard M. Baruch said yesterday that the anti-inflation fight requires some international action, possibly by a United Nations economic agency.

Rubber Plants Struck

WILLOUGHBY, O., Oct. 24 (AP)—Strikes by C.I.O. United Rubber Workers shut down plants of the Ohio Rubber Co. in Willoughby and Conneautville, Pa., today.

Those Filling Vacancies Allowed Pay Increase

COLUMBUS, Oct. 24 (AP)—County officials appointed to fill vacancies after Ohio's new salary law became effective Sept. 8 are entitled to increases granted in the act.

That's the opinion handed down by Attorney General C. William O'Neill to Prosecutor Harold K. Bostwick of Geauga county. The county recorder there resigned Oct. 1.

O'Neill ruled the new appointees could serve only until his successor is elected and qualified in the November, 1952, election.

The same opinion also said a county employee can draw sick leave pay for an injury at the same time he gets workmen's compensation.

But the opinion said the state Industrial Commission can take into consideration the sick leave payments in setting the amount of workmen's compensation.

New-Style Rubber Boot To Keep G.I.'s Warm

WATERTOWN, Mass., Oct. 24 (AP)—A new-style rubber boot which operates on the principle of the vacuum bottle will be worn by the American G. I. in Korea this winter to keep his feet warm even at 45 degrees below zero.

The new boot—designed to be worn with only one pair of socks—consists of two layers of rubber with two piles of 19-ounce knitted wool insulation between them.

A one-half inch of wool felt insulates the inner bottom of the boot.

The boots have been shipped to Korea after three seasons of testing in Alaska.

They were developed by the Hood Rubber Co., a division of B. F. Goodrich, in conjunction with the naval clothing depot at Brooklyn.

Swallowed Balloon Aids War On Cancer

NEW YORK, Oct. 24 (AP)—A balloon to discover deadly stomach cancers early, when they can best be cured, was shown in a new American Cancer Society movie today.

The person swallows the balloon, attached to a tube, then it is inflated, deflated and withdrawn. It's not painful, but not pleasant.

A fine silk mesh covering the balloon picks up cells thrown off by the stomach wall. An expert checks these cells, looking for cancer cells.

This can spot cancers while they still are small, still confined to one spot. Cutting them out then makes a much better chance for the person to live.

Midland Teachers Assist At Workshop

Thomas Meese, Social Studies teacher at Midland High School, attended the first workshop, a Columbusiana University citizenship project, held at Oliver High School in Pittsburgh, last week.

David A. Snyder, High School principal, attended the opening session and aided in the preliminary work which included methods of improving citizenship in the schools.

The workshop was sponsored by the Tri-State School Study Council, of which Midland is a member. It closed Saturday.

La Prensa To Roll

BUENOS AIRES, Oct. 24 (AP)—The newspaper La Prensa, taken from its independent owners by the Peron government, is due to resume publication by mid-November under auspices of the pro-Peron labor confederation.

Russian General Dies

MOSCOW, Oct. 24 (AP)—The local press reported today the death of Major General Nikolai Velikanov, 50, a leading figure in the Soviet border guards. His death, the reports said, followed a long illness.

Swedish Prince Dies

STOCKHOLM, Oct. 24 (AP)—Prince Carl of Sweden, for 40 years head of the Swedish Red Cross, died early today. The 90-year-old prince was an uncle of King Gustaf VI and a brother of the late King Gustaf V.

Snow Blocks Road

SAN FRANCISCO, Oct. 24 (AP)—The State Highway Patrol reported today that the anti-inflation fight requires some international action, possibly by a United Nations economic agency.

Rain Checks Fire

WEBSTER SPRINGS, W. Va., Oct. 24 (AP)—Rain and a shivering wind today helped check a forest fire that had threatened 50 homes on the outskirts.

250 Patients Flee To Safety As Fire Hits Dallas Hotel

DALLAS, Oct. 24 (AP)—Fire swept the roof and top floor of the west wing of St. Paul's Hospital early today, forcing about 250 patients out into a chill morning.

No one was reported injured. There was no panic, no hysteria. "No one even fainted," said Sister Alberta, mother superior of the hospital.

The ill were pushed out in wheel chairs, on surgical tables and some were wheeled out two in a bed.

Nurses wrapped blankets around the shoulders of walking patients and headed them toward the exits. About 25 newly-born babies were removed to the nurses' home nearby.

Women in pre-birth labor were carried to adjoining buildings.

A priest gave last rites to an elderly woman as she lay near death from cancer. Her nurse pushed the patient's bed near the main entrance, but refused to expose the woman to the outside chill.

Room-clad walking patients flooded all exits. They sought refuge in near-by houses. Some were in casts and leg splints.

Some had to roll out of their hospital beds and lean against the wall to walk. Many were placed in ambulances, taxicabs, police cars—and even hearses—to be moved to other hospitals.

100 Million Asked For School Districts

COLUMBUS, Oct. 24 (AP)—Ohio voters will be asked this year to approve more than \$100,000,000 in bond issues for school districts, a survey by Ohio State University's Bureau of Educational Research showed today.

But only 132 school districts will submit proposals for bond issues this year against 275 in 1950. The total amount, however, is \$101,580,968, against last year's \$97,074,404.

Voters in 758 school districts will decide on special school levies. These average 3.81 mills in city districts, 3.31 mills in exempted village districts and 3.51 mills in local districts. Special levies were asked last year in 560 districts.

Reds Still Interested In Charleston's Club

CHARLESTON, W. Va., Oct. 24 (AP)—The Cincinnati Reds said they will not continue their Charleston farm club in the Class A Central League.

General Manager Gabriel Paul said, however, the Reds would be interested in supporting the Charleston club in Class B, baseball, preferably the Piedmont League.

There have been repeated indications that the Central League, which also includes Dayton, O., and Flint, Grand Rapids, Saginaw and Muskegon, Mich., will not operate next year.

First Reports Made For Community Fund

Community Fund division leaders and workers were to make their first reports in the current campaign to T. H. "Ted" Kashuba, chairman, at a luncheon meeting today in the Travelers Hotel.

Only a small representation was expected, however, for this initial report meeting, according to Kashuba, who said most of the solicitation envelopes have gone out to the workers. The next report luncheon will be Friday at the Travelers.

Assist At Workshop

Thomas Meese, Social Studies teacher at Midland High School, attended the first workshop, a Columbusiana University citizenship project, held at Oliver High School in Pittsburgh, last week.

David A. Snyder, High School principal, attended the opening session and aided in the preliminary work which included methods of improving citizenship in the schools.

The workshop was sponsored by the Tri-State School Study Council, of which Midland is a member. It closed Saturday.

Rain Checks Fire

WEBSTER SPRINGS, W. Va., Oct. 24 (AP)—Rain and a shivering wind today helped check a forest fire that had threatened 50 homes on the outskirts.

And There's More To Come
State Taxes Skyrocket
In 350-Million-Dollar Bite

By The Associated Press
State taxes skyrocketed in 1951. During the year lawmakers in 24 states put the bite on the public for more than \$350,000,000 in new levies, and more are to come. Taxpayers in Pennsylvania, Missouri and Massachusetts still are waiting to learn their fate. The three legislatures are bogged down in tax programs. Pennsylvania's budget for the 1951-53 biennium is \$120,000,000 in the red. Missouri has bills pending that would provide another \$16,000,000 for highways. To help meet rising costs, Florida even put a tax on "courtesy" candy—the kind that comes in boxes and costs more than 50 cents. But most of the new revenues will be collected from the time-worn favorites — taxes on sales,

'Treat' On 25th Anniversary
Local Couple Visits Greece 3 Months

America is a land of plenty—in an actual "heaven on earth"—in the minds of the people of Greece. That's the main impression brought back by John D. Dallas, 31 West Sixth St., and his wife, Despina, after a three-month visit to the land of their birth. They went over July 1 as a "treat" to Mrs. Dallas on their 25th anniversary. She had not seen her homeland in 25 years, and her husband hadn't been back in 40 years. So they decided they'd share their anniversary with relatives left behind in Greece.

GENIUS. Here is John Dallas of East Liverpool with a 6-year-old boy he found on the island of Lemnos in Greece who could do arithmetic problems that would stump adults. Dallas told him the year he was born, and the boy gave him his age instantly. School teachers, and even the local principal, like to see if they can outwit his nimble mind. The youngster's name is Andreas George Nionakis, and he lives in Kastro, Lemnos.

IN THESE DAYS of trans-Atlantic airplanes, it didn't take them long to get there. Leaving LaGuardia field in New York at noon June 29, their KLM (Dutch) airliner touched down in Athens, Greece, at midnight June 30. They spent three weeks in Athens, the home town of Mrs. Dallas. They looked up her brother and other relatives, and found that one of her nephews, Dr. Constantinos Corillos, has become head doctor at the Red Cross hospital maintained by the government in Athens. Another nephew, Constantinos Metropoulos, is a prominent lawyer. Like other tourists, they visited the Acropolis and the rest of Greece's famed ruins.

THE PEOPLE, Dallas reported, are poor. They've never recovered from the looting which took place at the end of the German occupation in World War Two. The Germans hauled away furnishings, the tax on major auto manufacturers as high as \$2,000,000. The principal new revenue-raising measure voted in Texas will yield about \$28,000,000. It levies a tax at the rate of four and a half mills per 1,000 cubic feet on natural gas gathered into transmission lines. Illinois upped its gasoline tax from three to four cents a gallon Aug. 1 and the levy will rise to five cents Jan. 1. Revenues are expected to rise \$40,000,000 to over \$100,000,000. All of the money is to be spent for road construction and maintenance. New York state's three major revenue-producing bulks of the year were aimed at big trucks. Governor Thomas E. Dewey's administration sponsored them as part of a plan to make the heavier trucks pay a higher proportionate share of the cost of construction and maintenance of highways on the theory such vehicles do the roads most damage. The bills: Impose a weight-distance tax on loaded or unladen weight of trucks of more than 18,000 pounds. Expected to yield \$20,000,000 annually. Boosted from four to six cents a gallon the state levy on diesel fuel for trucks and busses. Expected to yield \$750,000. Changes truck license fees, beginning with the 1952 plates. Expected to return an additional \$5,500,000 annually. Fifty pit-type weighing stations will be built throughout the state to check truck weights. Among the states increasing cigarette taxes were West Virginia, up three cents to four cents; Arkansas, up two cents to six cents; Wyoming, up two cents; Tennessee, up two cents to five cents; North Dakota, up one cent; Oregon up two cents. States in which no new important revenue-raising measures were enacted or are pending this year include: Arizona, California, Delaware, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Minnesota, Mississippi, Nebraska, Nevada, New Jersey, New Mexico, Rhode Island, South Dakota and Virginia.

\$50,000 Fund Asked In Clear Stream Fight
COLUMBUS, Oct. 24 (AP)—The new state water pollution control board yesterday decided to ask the state emergency board for \$50,000 for use during the fiscal year ending June 30, 1952. The action came at an executive session after a meeting with Governor Frank J. Lausche, during which Lausche asked the board to get tough if cities and factories ignore Ohio's "clear stream" law.

Reds Concede Defeat In Bid To Oust Nehru
BOMBAY, Oct. 24 (AP)—India's Communist party announced yesterday it has failed in a 4-year-old fight to overthrow the government of Prime Minister Nehru by violent means. The party executive announced a cessation of hostilities by Red terrorists in Hyderabad state. In two districts there, revolutionaries have been engaged in guerrilla warfare with the Indian army and police. The violent campaign was ended despite rejection by Nehru's government of every condition made by the Communists for restoration of peace.

HELP WANTED
Two men between the ages of 25-35 for inside selling positions. Must have High School education, be willing to follow instructions and qualified to meet the public. These positions offer excellent salaries, plus bonus, vacations with pay, group insurance and family discounts. If you are interested in making a career of the retail profession it will be worth while to investigate these opportunities. Experience in furniture, hardware, paint and auto accessories helpful. All applications will be held in strict confidence. Apply in person.
Montgomery Ward
108-110 E. 5th St. E. Liverpool, O.

Irondale Groups To Stage
Community Halloween Fete

IRONDALE, Oct. 24 (Special)—A community Halloween party, featuring a parade, movies and dancing, is planned next Wednesday night. It will be sponsored by the American Legion Post and the Civic Club. Prizes will be awarded in several costume classifications in the parade, which will form at 7:30 at the High School. Headed by the High School Band, it will move down Salt Run to Creek St., then past Fortune's garage and the judge's stand back to the High School. Movies and the dancing will follow at the High School. Vince Mundy's orchestra from Salineville will play for the "cake walk" and square dancing at the gym from 8:30 to midnight.

Mother, Son, Daughter Confess In Bank Holdup

GREEN BAY, Wis., Oct. 24 (UP)—A mother, her son and her 14-year-old daughter confessed yesterday that they helped rob a bank in a daylight holdup. According to the Federal Bureau of Investigation, Mrs. Esther Amelia Whiting, a waitress, admitted she sat in the getaway car while her son and daughter participated in the \$11,434 armed robbery of the Laona (Wis.) State Bank last Friday. A son by a former marriage, Charles French Jr., 24, was described by the F.B.I. as the ringleader of the gang, which included two other men. The daughter, Patsy Whiting, admitted she donned overalls and a knitted army face protector and stood guard at a counter in the bank.

Trash Cleanup Set

ROGERS, Oct. 24 — Mayor Charles Davis announced today the annual Fall trash cleanup will be held Nov. 1-2.

Do You Want To Kill Yourself?

COLUMBUS, Oct. 24 (AP)—Do you want to kill yourself? Well, neither did most of the 1,753 persons who lost their lives on Ohio's highways during 1950. Some couldn't help it. They were the innocent victims of someone else's thoughtlessness. Others didn't want or need to die. They could have lived, but for one reason or another they failed to practice something they probably knew—the principles of safety. The battle to save the lives of motorists, their passengers and pedestrians is being waged on many fronts in Ohio by a variety of groups. One of these is the state Highway Department's Division of Traffic and Safety, headed by Harry E. Neal, a nationally-known authority in both fields. Neal goes along with the safety experts' "three E's" of safety—engineering, enforcement and education. However, he believes the emphasis today should be placed on the last two. "The road designers are far ahead of our ability to build safe highways and the automobile designers are far ahead of the road designers," Neal declared. "Yes, we are trying to drive 65-mile-an-hour automobiles on 35-mile-an-hour highways. But while our highways are obsolete and the ultimate solution would be to redesign and rebuild them, it would take 50 years at our present rate of income. "We're going to have to live with our present highways a long time," Neal declared, "and we might just as well make the best of them. "Enforcement? It certainly is very necessary and vital. No doubt it could go much further than it goes, but will the public stand for the kind of rigid enforcement it would require to take the unsafe drivers off the roads? "Education? We've only scratched the surface. And this is the field where we have room for the greatest improvement. "I don't know where the money can come from, but we should have a gigantic advertising campaign for safety. We must sell people on the idea of being safety conscious. We must create a greater awareness of the menace of death and injury on the highways. Neal admitted there is no magic solution to cutting the number of traffic accidents. He likened the three safety elements of engineering, enforcement and education to a three-legged stool, saying: "If you take away any one leg, the stool won't stand." Neal said the division of traffic and safety is doing everything it can to promote safety with its limited budget. "Basically," he declared, "the problem is one for every community to tackle. There are still many communities in Ohio which have not made themselves aware of the problem. They owe it to their citizens to do so. "We stand prepared to assist communities in every way in mapping a safety program. We have informational booklets and safety experts who will advise and counsel any community that wants to.

Cemetery Squares Self In Grave Overcharges

DES MOINES, Oct. 24 (AP)—An Iowa cemetery which made an overcharge of \$5 on each of 60 graves dug between May 1 and Oct. 1 has squared itself with Uncle Sam, the Iowa Office of Price Stabilization reported yesterday. The O.P.S. said that in addition to charging \$5 more than the price ceiling on 60 graves the non-profit cemetery association also overcharged \$1 each for care of 26 urns. In a voluntary settlement, initiated by the cemetery association itself, a \$326 check in full settlement of the overcharges has been tendered the treasurer of the United States, the O.P.S. said. R. K. Brannon, district O.P.A. enforcement director, said there was no evidence of willful violation and the name of the cemetery was being withheld. Brannon said grave-digging charges were frozen under the general ceiling price regulation last January, but that on May 1 the cemetery raised its charges from \$20 to \$25 a grave. Later, he said, cemetery officials initiated contact with the O.P.A. to see whether they were overcharging.

Enforcement, Education Urged For Traffic Safety

undertake such a program. Our services are free." Neal said one of the first tasks of a community should be to make a traffic study to find out what the local situation is. Answers to these questions should be found: How many accidents occur in a year, where do they happen, are there traffic lights where they are needed, etc. Neal said the division is prepared to furnish films on safety to organized groups, posters, booklets, safety announcements for radio stations and cartoons and mats for newspapers. In addition, the division also publishes the Ohio Driver's manual which lists the major highway rules and safe driving habits. Neal said one of the best programs for encouraging safety is the driver training now being taught in some 400 high schools throughout the state.

Night Driving Peril Stressed By Kauer

COLUMBUS, Oct. 24 (INS)—Ohio motorists cut their chances of reaching home alive by almost 60 per cent when traveling by night instead of day. Highway Director T. J. Kauer said today a study by the division of Traffic and Safety shows 56 per cent of fatal traffic accidents in Ohio occurred at night in 1950. He pointed out that this was three times the day rate because night

travel accounts for only one-third of daily traffic. Safe night driving, he cautioned, depends on a driver's alertness. He warned motorists to be particularly alert for pedestrians. He also advised dimming headlights for on-coming cars, keeping within range of the car headlights, guarding against fatigue and "abstaining from driving after drinking". A quarter teaspoon of curry powder and a few drops of onion juice add good flavor to a cup of French dressing.

here are the
FACTS about
DOG FOOD

Confused about what to feed your dog?
Wondering how much to pay?

Many claims and counterclaims are directed at dog owners today. The makers of Rival Dog Food want to discuss these claims frankly with millions of present and future Rival users.

"HOW MUCH SHALL I PAY?" You see dog foods priced lower than Rival. You see many priced higher. If you pay less, ask yourself "Is this true economy? Will I be gambling with my dog's health—will I be forced to supplement his diet, resulting in a higher cost per feeding, with a waste of time and effort?"

If you pay more—are you really giving your dog more in those food elements which insure his health? The answer is simple: Rival supplies—in its balanced formula—every element needed by your dog for perfect health! Every one of the 679,416,552 cans of Rival already sold proves that a quality dog food need not be expensive!

ALL-MEAT—OR BALANCED BLEND? Make no mistake—Rival contains plenty of meat. But Rival's meat content has been enhanced in feeding effectiveness by choice grains, rich in body-building, energy-maintaining food elements, precious natural vitamins and minerals. It simply is not necessary to add a single thing to a dog's diet if he is fed Rival. Yes, Rival alone will keep him in tip-top condition!

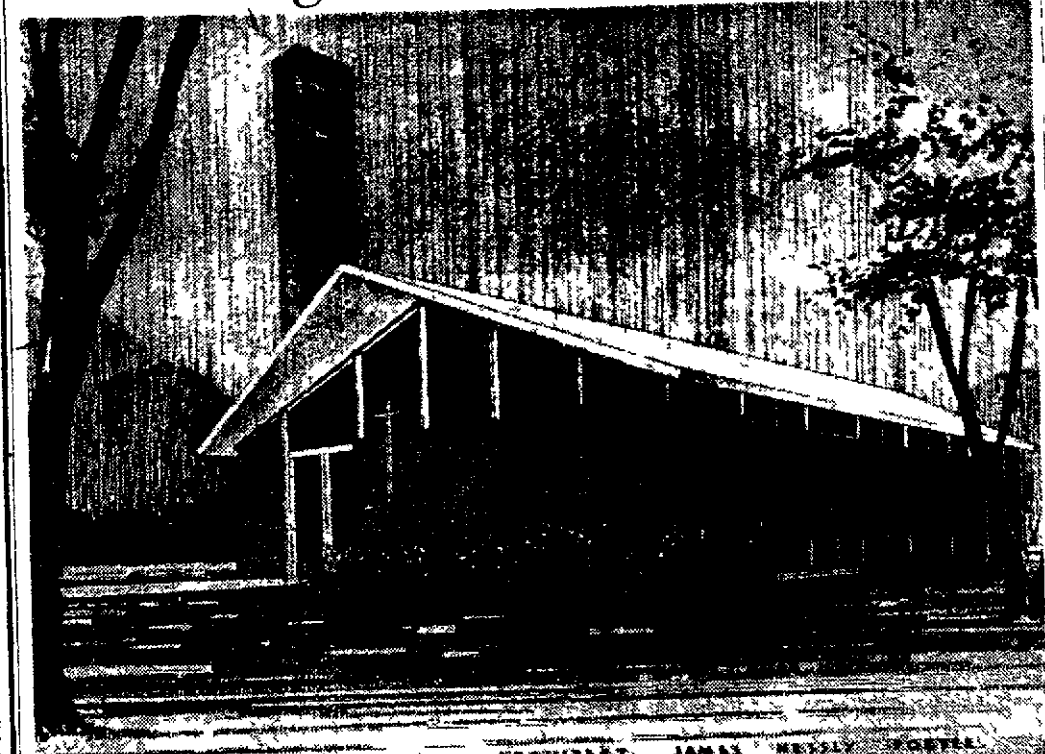

Rival blends meat and other ingredients under strict laboratory control, conducts scientific feeding tests in its own kennels. The makers of Rival devote all their time, facilities and resources to the canning of Rival Dog Food, with the single purpose of feeding your dog correctly!

RIVAL IS THE ANSWER—So—before you pay less—or more—than Rival's sensible price—before you consider any other dog food—canned or otherwise—ask yourself whether you can do better than follow the example of the millions who use Rival—and know its value!

RIVAL DOG FOOD

First Use Seen By Christmas

Work Progresses On New Mission

Pictured above is the artist's conception of the new Free Methodist Mission under construction on Rubicon St., Beechwood.

Announcing construction details, Rev. W. P. Jones of the First Free Methodist Church said the new house of worship will replace an old mission on Beechwood St.

It is being erected on a plot of ground about 60-x-160 feet on the North side of Rubicon St. between Anderson Blvd. and Park Way.

The new building will supple-

ment the First church on Avondale St., serving as an extension for afternoon and evening services. Pearl Mattox is the general contractor and J. Nessly Porter is the architect.

Overall dimensions of the structure are 28-x-42 feet. The church consists of a vestibule and an auditorium seating 140 on the first floor with classrooms and utility rooms below.

Free Methodist doctrine and a limited budget determined a simple unpretentious building free from redundant symbolism and

outmoded ecclesiastical forms. The minister said Materials are brick, wood and tinted glass combined into a frankly exposed structural system.

One of the striking features is a tall chimney which serves a dual purpose as a bell tower. The altar, pews and other interior furnishings also were designed by the architect.

Completion will depend on weather the availability of materials and other factors, but the congregation expects to use at least part of the new building by Christmas.

What Is Love? Professor Hopes To Find Out Soon

CHICAGO, Oct. 24 (AP)—A Northwestern University professor who hopes to learn all about love for a mere \$12,000 today gave an explanation of his U. S.-financed project.

The man who thinks he can come up with the answer to the age-old problem of what is love (and many a man has spent lots more without getting a definite answer) is Professor Robert F. Winch, 40 and married.

President Truman was somewhat agast last week when he was asked about the government-sponsored research into what makes the love bug tick. He hadn't heard about it before.

After all, love has been going on since Adam and Eve, the President said.

"That's very true," Professor Winch agreed "but lots of things have been going on for a long time which we seem to be just finding out the facts."

Winch in the university's Department of Sociology, said he proposes to learn about love.

"By actually working with couples. We will try to discover what their marriage expectations were and how they selected their mates on that basis."

"Then we will try to find their gratifications and frustrations."

Professor Winch also will seek to trace the inner needs of people for things like dependence from childhood on. He wants to find out if these needs were satisfied in marriage, and why, and what can be done about it.

The study is expected to take about 18 months. Funds for the project were provided by the National Institute of Mental Health.

Splitting Of Guard Units Attacked By Senator

WASHINGTON, Oct. 24 (AP)—Senator Martin (R) of Pennsylvania said in a speech at the annual conference of the National Guard Association today that the Army high command is following a "ruthless and unsound" policy toward the Guard.

Martin accused the Army of breaking up National Guard units by levies of officers and key non-commissioned officers.

The Army has said it is taking Guardsmen as part of its policy for rotating home veterans of last winter's fighting in Korea.

Martin is a former commander of the Pennsylvania 28th Guard division, now federalized. He trained it for World War Two duty.

"Breaking up National Guard units," Martin declared, "is ruthless and unsound. Historical units must be preserved. If the states do not keep their part in national de-
